

## The Next Generation of Patient Engagement

The days of manual data entry are thankfully over. Take delivery of care to the next level with InConnect, a one-stop patient engagement solution. InConnect helps you build relationships with your patients far more efficiently and effectively. You can better engage and empower patients to make more informed decisions about their health. Features include automated patient outreach and triage capabilities, voice and text support based on requirements and needs, and a telehealth support feature for care teams to connect with patients.

## Innovaccer's care as one framework is customized to your objectives

InConnect enables you and your care team to send bulk messages or voicemails, schedule appointments when it's most effective, and evaluate the impact of your outreach. InConnect also lets you effectively dispatch appointment and screening reminders, share care-focused educational content, and develop an educational library for patients. InConnect is the most efficient way to deliver excellence in care. As well as, better health.

# About Innovaccer

Innovaccer is a leading San Francisco-based healthcare technology company committed to making a powerful and enduring difference in the way care is delivered. The company leverages artificial intelligence and analytics to automate routine workflows and reduce manual overhead to facilitate more patient-centered care. Its KLAS-recognized products have been deployed all over the U.S. across more than 1,000 locations, enabling more than 25,000 providers to transform care delivery and work collaboratively. Innovaccer's Data Activation Platform has been successfully implemented in healthcare institutions, government organizations, and corporate enterprises including Catholic Health Initiatives, MercyOne, Orlando Health, Hartford Healthcare, and Stratifi Health. By using the connected care framework, Innovaccer has unified 3.8 million patient records and generated more than \$400M in savings.
