# Microsoft

# Modernization-as-a-Service

**Microsoft Funding Available**

An extension of the Neudesic Migration factory providing a fast, safe, and cost-effective framework to **drive migration and modernization in the Azure Cloud**

**Up to 40% More Cost Effective**
With economies of scale and proven Azure migration processes

**60% Faster Time to Value**
Leveraging automation for collection and deployment with established templates

**Reduced Delivery Risk**
With proven frameworks backed by 10,000+ development hours

**Single Cohesive Team Delivery Model**
Disciplined delivery by a geographically aligned team to reduce errors

**Our Modernization-as-a-Service** offering is an extension of the Neudesic Migration Factory's repeatable framework that accelerates the typical migration and modernization timetable to provide more value to organizations in less time. Modernization-as-a-Service is powered by automation, delivered by a single geographically aligned team and fully aligned to the Microsoft Cloud Adoption Framework.

Our **Modernization-as-a-Service** offering **enables teams to concurrently migrate and modernize multiple applications to increase scalability, flexibility, and meet the diverse needs of our clients with a three-prong approach:**

On Premise Workloads & Databases

LIFT & SHIFT

REFACTOR

MODERNIZE

Cloud Enabled Workloads & Modern Data Center

Lift & Shift helps clients reduce costs, remove risk, and increase flexibility

Refactoring provides clients with long-term cost savings and improves resiliency

Modernizing maximizes performance, optimizes costs, and accelerates client delivery
