EduShare

MOE Objective

Content For Everyone

- Empower teachers with a selection of high quality education resources that he can use in teaching.
- Avail a portal of Narrated lessons explanation to be available for students
- Provides a learning resources portal solution allowing teachers to share their digital learning resources with other teachers as well as students with convenient and easy curriculum standards based search and navigation across shared resources
- Supports the learning content collection, management and delivery.
- Provides authors, educators, students and subject matter experts the means to create and re-use learning content and reduce duplicated development efforts.
- Advanced collaboration level between subject matter experts.
- Ability to rate the published resources by all users.
- Powerful content classification enables users to search for and find the right resource quickly.
- Supports the integration with the existing LMS system and other related systems.
- Delivers personalized content based on the user preferences.

EduShare

EduShare

EduShare is the Answer
ITWorx Learning Content Management System

What IS EduShare?

Next Generation Learning Content Management System

EduShare is ITWorx Education next generation **Learning Content Management System** that is designed especially for ministries of education to best utilize there content.

It is not just a portal to host shared content, it is a complete solution for managing education content that inspired by educators and our long years of experience

It is a product that we has been developing for many years so it maturity solution and at the same time up to date with all latest education and technological trends.

Your Ultimate Solution to best utilize your education content

TARGET AUDIENCE

It is for everyone

Students

Students can simply see the content automatically based on there grade and classified by subject

Teachers

Teachers can search, navigate and upload content personalized to the subjects they teach.

Parents

Parents are involved in there children education so they must have the right to access their children resources
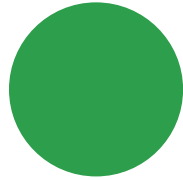

SME

Subject Matter Experts have an important role to upload and approve learning content
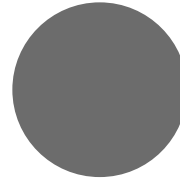

BENEFITS

It is all what you are looking for

Designed for Education

Support all education file types and education metadata
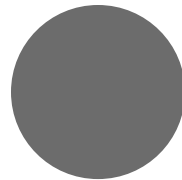

Content Approval

The Solution contain a built in content approval workflow for quality check
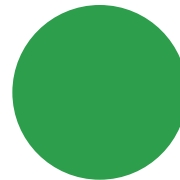

Modern Usability

EduShare adopt modern usability and look and feel

Social Collaboration

Like, Tag, Rate, Comment and mark content as inappropriate

Cloud Support

Can be deployed on the cloud to enjoy the optimized performance and extendability

Native Apps

EduShare come with Android and IOS tablet Apps with offline caching capability
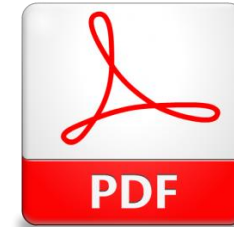

EduShare

Features
Inspired by educators

Supported Content

E-Books

Office Files

PDF

YouTube

Videos

Interactive Objects

SCORM

External Links

LIST OF FEATURES

All what you dream of.

Content Inline Playing

Play SCORM, Videos, Audio, Office files and HTML files online without downloading

Personalization

Users will always see their relevant content based on there preferences or grades and will suggest content to them as well.

Rich Metadata

Grades, Subjects, Author, Tags and many other feilds to best classify you content

Dynamic Roles

Define the system based on your needs, Identify your roles and their permissions

Managed Collaboration

Like, Tag, Rate, Comment, Notifications and mark content as inappropriate
.

Powerful Reports

Know what is your most viewed content and who are the active teachers

LIST OF FEATURES

All what you dream of.

Easy Administration

Set permissions, edit system wide looks ups and metadata, mange dynamic roles with an easy user interface

LMS Integration

Share data to your LMS or allow your LMS to read data for EduShare directly to make the end user life easier.

Curriculum Standards

Find the content that cover a certain curriculum standards easily

Powerful Search

Get the content you are looking for in seconds with EduShare powerfull search and filtering system

Content Suggestion

EduShare Automatically suggest new content for users based on there preferences

SME

Allow each SME to focus only on his subject and divide the workload on multiple SMEs
