

Insights and Unified Dashboard for managing hybrid and multi-cloud infrastructure

## **Sopra Steria RightCloud – Azure Arc Workshop**

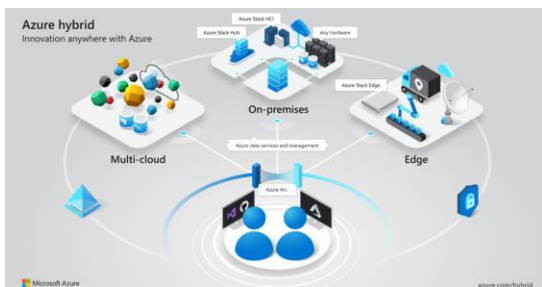

One hour Workshop on Azure ARC: Providing Insights and Unified Dashboard for managing hybrid and multi-cloud infrastructure.

2022-11-04

**Sopra Steria RightCloud Azure Arc Workshop help customers to realize the value of getting a common dashboard to manage the environment.**

Azure Arc is a bridge that extends the Azure platform to help you build applications and services with the flexibility to run across datacenters, at the edge, and in multi-cloud environments.

Develop cloud-native applications with a consistent development, operations, and security model. Azure Arc runs on both new and existing hardware, virtualization and Kubernetes platforms, IoT devices, and integrated systems.

Sopra Steria workshop for Azure Arc will highlight and show the benefits of using the Azure Arc capabilities for your infrastructure and how it provides unique insight and ease of management for your infrastructure.

If you are a new/existing Azure customer and looking for a Unified Dashboard for managing your environment (hybrid and multi-cloud), this one-hour workshop will help you understand how Azure Arc can help to reach your business goals for managing Hybrid and multi cloud unified Dashboard through implementation of Azure Arc.

Azure Arc provides centralized and unified way to:

- Extend Azure Management across your environments (on-premises & multi-cloud)
- Run Azure Data Services Anywhere
- Adopt Cloud practices on-premises
- Implement Azure Security Anywhere
- Easier adaptation of hybrid strategy
- Implement unified management, governance, and security policies across all your infrastructure irrespective of where they reside.
- Have single pane of glass to view all your compliance adherence and secure score decision making support for the customers operational and strategic security processes.

**The workshop delivery & Cost**

The workshop is hour long and will provide a good understanding what Azure Arc can help organizations/companies to realize the benefits and value of Azure Arc. The workshop is free of charge!
