SPYGLASS MTG

Power Platform Development Studio Benefits

- Spyglass provides the following benefits:
  - **Time to Market** – turn apps around quicker with on-demand access to skills across all Power Platform areas: Apps, Automate, RPA, Agents and Power BI
  - **Cost Savings** – hire us for a fraction of the price of a full-time team
  - **Flexibility** – Prepay for work for the year, use it when you need it, add funds at any time.
  - **Repeatability** – Spyglass's proven methodology and toolkit provides repeatable process and accelerators to speed the development of your solution
  - **Efficiency** – our proprietary inventory process prevents recreation of like solutions

SPYGLASSMTG

Power Platform Development Studio Process

1. **Plan:** Identify the who, what, when, and why including inventory review.

2. **Design**: Model the data (decide how the data you need and create will be organized, accessed, and stored) and sketch out the app or report screens. **Inventory** the solution.

3. **Build:** Develop and demo the solution.

4. **Test:** Test the solution

5. **Deploy and refine:** Get your solution into the hands of users, get feedback, and decide what to change or add.
