

Viva Engage Quick Start

ENGAGE EMPLOYEES AND BUILD COMMUNITY

When thoughtfully deployed, Viva Engage fosters meaningful conversation, connects employees and leadership and can drive employee engagement.

If you need to reboot your Yammer implementation or you are planning to launch Viva Engage for the first time, we're here to help!

The **Viva Engage Quick Start** is designed to help shape your strategy, onboard key leaders, drive the configuration and allow you to test the capabilities in a pilot so that you fully understand what's new and prepare a successful enterprise-wide roll-out.

Educate and Envision

Align key stakeholders around the benefits and possible ways you can leverage Viva Engage.

Configure

Technical configuration is often required to modernize your Yammer network and setup group membership.

Pilot / POC

Putting the features to the test helps drive a deeper understanding of what's possible.

WHAT'S INCLUDED?
