Windows 365 Cloud PC – Pilot in a Week

ABOUT DELPHI CONSULTING:

When it comes to starting your Cloud Journey , Digital transformation and Security, you need to have an experienced partner. We have been Microsoft security and compliance finalist for 2021. We will work with you to understand your environment and identify opportunities to help you achieve continuous business value from your Windows investment.

As a trusted adviser, Delphi Consulting can help you to kick start your cloud journey , digital transformation and protect your environments from an ever-evolving threat landscape with Microsoft Windows 365 Cloud PC and Security and Compliance solutions.

See what customers are saying:

“One of the many things I love in Windows 365 Cloud-PC is Microsoft's capability to unify the user experience behind a single, smooth experience”

– Ilyas Mohammad, The First Group

WHAT WE OFFER

Protecting your systems, data and users has never been more challenging. Cyber threats are growing rapidly in volume and sophistication, whilst a cloud-enabled and mobile workforce has restricted visibility and control. For many organizations, incident investigation and response processes are complex, slow and expensive – in today's climate, they are simply unfit for purpose.

Delphi Consulting will help you get started with Windows 365 Cloud-PC with its Pilot offering with the program running over 5 days. We aim to provide you a definite understanding of how Windows 365 Cloud-PC can contribute to your business from productivity and securing the enterprise to saving the infrastructure cost.

Delphi's offering:

- Drive workshop with customer Infra and security team to understand all the Infra and security requirement along with the User productivity challenges
- Configure and showcase below Windows 365 Cloud-PC functionalities based on the workshop conducted.
 - User On-boarding to Windows 365 Cloud PC
 - Hybrid Integration with on-premises Workloads
 - Management with Intune
 - Defender for endpoints security
 - Integration with native Microsoft components.
- Deliver Windows 365 Cloud-PC High level design document.
- Deliver TCO based on assessment performed.

Why Windows 365 Cloud-PC and Delphi?

Windows 365 Cloud-PC Pilot Service

Delphi Consulting provide a Windows 365 Cloud-PC Pilot Service which has images optimized with settings to perform best on a Cloud-PC. You can use these images as a source to build your custom device images for Cloud- PC

Delphi Consulting will help you to deploy a Pilot for Windows 365 instance and provide a demonstration of how the solution works and integrates well with LOB apps and accessible anytime anywhere from any device.
