Modern Cloud Analytics: 4-Hr Workshop

This workshop will introduce you to modern cloud-based analytics architectures.

We will give you an overview of modern cloud-based analytics architectures, suitable storage methods as well as modern data warehouse architecture and analysis/visualization methods.

This 4-hour training is the perfect introduction to get a feel for all the possibilities of Azure Synapse Analytics and is aimed at decision-makers, architects, and business users who either want to set up a modern reporting infrastructure from scratch or modernize their existing one.

Agenda:
- Overview Azure Synapse Analytics
- Is ELT the new ETL?
- Better analysis with Power BI + Azure
- Business Insights with Azure Synapse Analytics
- Hands-on Training Azure Synapse Analytics

Terms & Conditions:
- Duration: 4-Hours
- Location: Virtual via Microsoft Teams
- Number of participants: to be determined with the customer
- Trainer: 2 experts
- Cost: 800 € (Net price plus statutory VAT, includes electronic delivery of training materials, excludes travel expenses)

Workshop Goals:
- Advantages of Azure Synapse Analytics
- Overview of relevant scenarios, based in the individual business requirements
- Best Practices

Optional: Proof of Concept
As a follow up to our Workshop, we offer a Proof of Concept, to demonstrate the feasibility of our relevant findings and outcomes in a test environment,
