IoT Discovery Workshop: 1-Day-Workshop

IoT Discovery Workshop: 1-Day-Workshop

This workshop helps you to identify and leverage the potential of the Internet of Things for your company and to define your personal digital strategy and roadmap for the Internet of Things.

Learn how to connect devices, how to make the best use of Azure IoT service and how to analyze and evaluate the acquired data. We will show you how to optimally combine IoT data and AI for your business processes.

In this one-day workshop, we will highlight the following points together with you:

- What is Azure IoT anyway?
- What is the potential of IoT and how can it be leveraged?
- What efforts and costs are hidden behind it?
- How can you derive a personal digital strategy and roadmap for your company on this basis?

IoT Discovery Workshop: 1-Day-Workshop

Agenda

- What is Azure IoT in general
- Overview of Azure IoT services
- Live demonstration of an IoT solution, highlighting the key elements of Azure's IoT services
- Presentation of your relevant requirements
- Discussion of possible implementation architectures and cost considerations
- Recommendation of Azure IoT components and services to use.
- Clarification of technical challenges and hurdles
- Open issues as well as Q&A

Results:

- Provide an understanding of the value proposition of IoT.
- Overview of IoT devices, platforms, and the data generated, as well as the corresponding costs and efforts.
- To empower you to take the first steps in the Azure IoT universe and take further steps towards implementation based on your digitization strategy.

Notes:

- Up to five people from your team can participate in the workshop.
- It is possible to spread the workshop over several days, to conduct parts of it remotely, or to customize the workshop individually or to their focus on needs after consultation.
- Additional services can be provided on request for an additional fee (PoC, MVP, analysis or evaluation of existing IoT solutions, etc.).
