

# Workforce Diagnostics™

PUSHING EFFICIENCY ENTERPRISE-WIDE

DIGITAL VISIBILITY TO OPTIMIZE YOUR FACILITIES

# Your Single Source for Truth and Continued Success

Understanding the location and activity of everyone on site over time allows managers to identify trends, operational delays and upskilling opportunities. As the premiere workforce productivity solution for field workers, Workforce Diagnostics™ delivers accurate data to analyze and use to continuously optimize your frontline workforce.

Workforce Diagnostics™ gives you the right data to answer the most important questions:

- ✓ **Who's on site?**
- ✓ **Where are they?**
- ✓ **What are they doing?**
- ✓ **Do they have the necessary resources?**
- ✓ **How much time do they need?**

Previously unattainable data from the field is brought to light with weavix™. Use Workforce Diagnostics™ to verify man hours and time usage, resolve bottlenecks, perform worker studies accurately and discover outliers within your facility.

**Accurate Data.  
Enhanced Productivity.  
Real Results.**

SEE YOUR FACILITY IN ACTION IN REAL-TIME

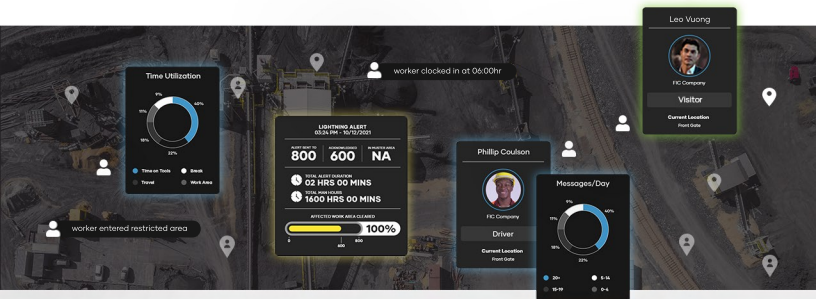

# Gain Complete Transparency into your Facilities with LiveLook™

Visualize everyone throughout your facility, digitally. LiveLook™ provides you with a real-time view of workers, contractors and more as they move through your facility to complete their responsibilities. With permission-based accessibility, drill-down by craft, company, location and more for unmatched insights into your workflows and activities on site. Display your facility information in a heatmap, satellite or 2D rendering to see what you're looking for easily.

✔ **Monitor on-site location, activity and movement**

✔ **Identify who is near affected areas in an emergency**

✔ **Gain real-time insight on project timelines and management**

HISTORICAL VIEWPOINT OF YOUR WORKFORCE'S POSITIONING

# BackTrack™ Lets You Learn from the Critical Moments

Review previously unattainable on-site data from your facilities to benefit your overall output. BackTrack™ securely acquires and displays historic location and activity data throughout your facilities to maintain optimal productivity enterprise-wide. Examine your on-site activities, procedures and workflows through an impartial lens to identify new solutions that drive efficiency at every level of your corporation.

✔ **Audit and refine current processes**

✔ **Review and verify incidents throughout the facility**

✔ **Evaluate and optimize against current productivity levels**

# Bringing the Field to your Fingertips

## EFFICIENCY DASHBOARDS MEASURE ENTERPRISE-WIDE PRODUCTIVITY

With our ready-made efficiency dashboards, Workforce Diagnostics™ allows you to dive deep into the data from your frontline to uncover transformative insights. Effectively manage all major aspects of your workers out in the field to always ensure maximum productivity. weavix™ provides you with the data to continue driving revenue without increasing downtime. Gain oversight over your facilities like never before to accomplish more than ever before with Workforce Diagnostics™.

# Passive, Always on Time Studies

## MANAGE WORKER AND THEIR TIME WITH EASE

Can you confirm your workers or contract laborers are actually on site? Do you know that they are spending their shift in working areas and not in break rooms or vehicles? Workforce Diagnostics™ delivers all of this information within the efficiency dashboards to provide real-time worker studies.

- ✓ **Track worker time in working areas**
- ✓ **Monitor productivity by company, craft or individual**
- ✓ **Know number of people on site**
- ✓ **Track total man hours over a date and time range**

# Communication Powers Productivity

## GO FULL CIRCLE WITH SMART RADIO™ AND WORKFORCE DIAGNOSTICS™

Every Workforce Diagnostics™ plan comes with Smart Radio™, the premier collaboration suite for field workers, included. Through collaboration, your corporation can upskill your workforce and keep them connected, safe and accountable. With the most advanced multimedia collaboration capabilities, your workforce can work together better, easier and faster to benefit your enterprise.

### PT3 Collaboration

Make Push-to-Talk, Push-to-Picture and Push-to-Video available for everyone out in the field.

### Where's walt™?

Locate and retrieve a missing walt™ Smart Radio with map-enabled device monitoring.

### Global Directory

Invite workers from any crew, company or location to connect and keep productivity up.

### Forms and Integrations

Build custom forms that collect and share information with the rest of your corporation.

### Language Translation and Dictation

With an accuracy rating of up to 90%, translate between all major languages automatically.

### Workflow Automations

Execute repeat procedures based on location, submissions and more to maximize efficiency.

### Digital Registration

Streamline your facility entries and exits into a seamless, hassle-free process.

**Collaboration  
Boosts Efficiency**

# Built Stronger to Get Work Done

## THE SMART RADIO BRINGING VISIBILITY INTO YOUR FACILITIES

Where collaboration meets productivity, you get walt™, industry's most advanced smart radio. walt™ provides your field workers with unprecedented multimedia collaboration capabilities and makes previously unattainable data a reality. Perfect for optimizing workflows and maximizing productivity, walt™ is the digital tool needed to get the full benefit of Workforce Diagnostics™.

- ✓ **Industry-Ready Smart Radios**
- ✓ **Free Upgrades, Repairs and Replacements for Life**
- ✓ **Class 1 Div. 2 & ATEX 212 Safety Rating**
- ✓ **Glove-Friendly, Modular Design**

Surpassing legacy radios in both design and functionality, walt™ delivers the most advanced collaboration capabilities in any industrial workplace. With its rugged design, modular feel and communal grab-and-go capabilities, walt™ is the perfect fit for any job site for any field crew.

## COLLABORATE CONVENIENTLY

### weavix™ Mobile Application

Available on iOS and Android, take the full functionality of weavix™ with you wherever you go. Connect with your workers and monitor on-site activities through your smartphone.

## THE OFFICE MEETS THE FIELD

### weavix™ Web Console

Bridge the divide between your field workers and office staff with the weavix™ web console. With any wi-fi connection, weavix™ brings your frontline to your computer screen.

A close-up photograph of a worker wearing a red jacket, safety goggles, and gloves. A blue smartphone is clipped to their chest, connected by a white cable to a small orange device. The worker is holding a tool, and a yellow flashlight is visible on their belt. The background is blurred, suggesting an industrial or construction setting.

# Made Possible with the Internet of Workers™

The **Internet of Workers™** is uniquely designed for the frontline workforce, offering a competitive advantage for those out in the field. Just like how IoT builds new technology to digitally transform machines, **IoW** does the same but at the benefit of the human worker.

Rather than an “automation first” concentration, IoW engages the workforce with an entire ecosystem of digital connectivity. Enhanced productivity, collaboration and safety within the workplace is made possible only with the weavix™ **IoW** platform.
