

Ready for Microsoft 365

Establish a clear roadmap and change management plan for your journey to a modern workplace.

56% of the time spent on strategic planning is wasted according to business executives and their teams*

The journey to a Modern Workplace is the next leap that organizations are taking to stay agile in today's increasingly technological world. A Modern Workplace provides flexibility and mobility empowering employees to securely collaborate from anywhere despite diverse work styles. Many organizations struggle with developing an adoption and change management plan, resulting in poor end user adoption of services and unrealized return on investment.

Apex Digital Solutions recognizes the impact these challenges can have on business productivity. Ready for Microsoft 365 prepares your organization for a secure productive workplace.

Our Solution

Ready for Microsoft 365 examines your entire Microsoft 365 environment in detail to assess current usage, identify areas for improvement, and recommend next steps related to best practices and roadmap opportunities.

Apex Digital Solutions works with your team to:

- Review your current technical environment, business processes, and license plan
- Assess security and compliance tools and processes, identify gaps, and provide recommendations to improve security posture
- Identify communication and training needs within the organization to drive effective usage of the solution
- Develop a personalized success plan that outlines your desired outcomes alongside our Customer Success Managers

Microsoft 365 is a complete, intelligent solution including Office 365, Windows 10, and Enterprise Mobility + Security. Microsoft 365:

- Helps companies achieve more together by better connecting employees, customers and suppliers
- Empowers employees to get work done from anywhere, on any device
- Protects company data across devices with always-on security
- Simplifies the set-up and management of employee devices and services with a single IT console

Apex Digital Solutions can assist with the evaluation, purchase, deployment, and long-term support and success management of Microsoft 365 so you can securely run and grow your business.

Our Microsoft Partnership

Apex Digital Solutions is an award-winning Microsoft Gold Partner. Our team of experts are certified in Microsoft platform and cloud solutions including Office 365, Enterprise Mobility + Security, Windows 10, and Azure.

We Are Passionate About People

Since 1999, the purpose at Apex Digital Solutions has been to “Empower people to make a positive difference in the lives of others.” One of the many ways our team achieves this each day is through transformational experiences and solutions to become more secure, productive, and engaged.

Technology for People’s Sake

We know technology enables success for your business. That is why we have built our business around empowering success for all of our customers through technology solutions.

Here are our promises to you:

We Bring the Team

Your core business is your expertise, technology solutions is ours. Our team of certified technical specialists follow best practices for successful deployments while our customer success managers remain engaged throughout the life cycle to ensure your desired outcomes are achieved.

We Solve, Don’t Sell

We are here to help you achieve your goals. That means our primary focus is understanding your business and solving problems through technology solutions instead of selling you products that don’t meet your needs.

We Create a Clear and Better Ending

Our business was formed to make a positive difference. We will always be clear about everything related to our services and the impacts of decisions made throughout our engagement with you. We will help you take advantage of technology for the betterment of your people.
