Orphaned teams
Teams sometimes suffer from loneliness too. This list shows you all the Teams without Owners. It's important that your Team has a purpose in life and has at least an Owner who is responsible for managing / governing the Team. If you're not using, let's archive it.

Name	Created

Guests Access

Inviting guests' users into Teams is a fantastic way to collaborate. However, a lack of governance can lead to sensitive information being exposed to users external to your organisation. The report will identify any Teams which have invited guests.
