

ACCELERATE YOUR JOURNEY TO THE CLOUD

with an Azure Migration Engagement

Azure VMware Solution

Sign up for an eGroup and Microsoft Azure Migration Engagement to ensure that you're getting cloud right the first time.

Get the guidance to seamlessly move VMware-based workloads from your datacenter to Azure and integrate your VMware environment with Azure.

Keep managing your existing environments with the same VMware tools you already know while you modernize your applications with Azure native services.

RELIABILITY & SCALE

ACCELERATE MIGRATION

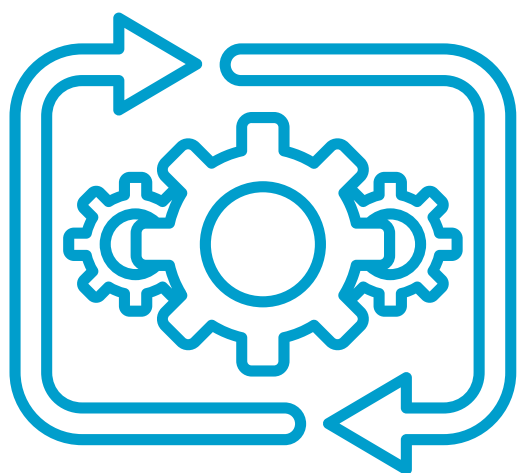

MODERNIZE PRAGMATICALLY

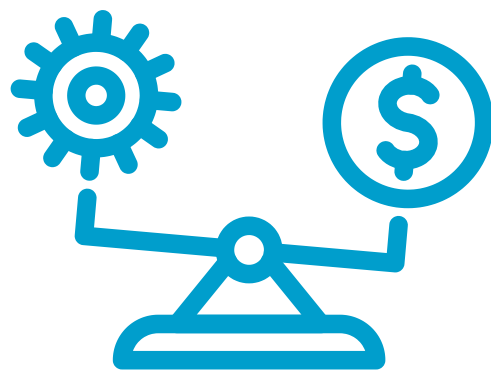

RUN BEST ON AZURE

"eGroup was a crucial part in the success of this project. Without the expert knowledge and experience we would not have been able to complete this project as quickly or smoothly."

SCALE & AUTOMATION

Get scale, automation, and fast provisioning for your VMware workloads on a global Azure infrastructure

LEVERAGE EXISTING INVESTMENTS

Keep using your existing VMware investments, skills, and tools, including VMware vSphere, vSAN, vCenter

MODERNIZE YOUR WORKLOADS

Modernize your VMware workloads with native Azure management, security, and services

AZURE IS THE BEST CLOUD

Take advantage of Azure as the best cloud for your Microsoft Windows and SQL Server workloads
