# Azure Application Modernization Assessment

## THE CHALLENGE

**As organizations look to achieve rapid digital transformation, they are weighed down by legacy applications that lack the functionality and flexibility to meet dynamic business needs. In the race to future-proof against evolving customer demands, business cannot afford to rely on applications built on outdated, static architecture.**

## THE SOLUTION

Presidio offers an assessment of your entire application portfolio and recommends an Azure applications modernization plan based on your specific business priorities. Our strategic alliance with Microsoft is built upon unmatched domain expertise, proprietary technology accelerators and proven, large-scale delivery excellence. With Presidio, clients gain access to the leaders in cloud and enterprise modernization.

## OUR APPROACH

Presidio modernizes Azure applications based on the "5 R's of Rationalization": Rehost, Refactor, Rearchitect, Rebuild, and Replace. Our Azure Application Modernization Assessment is conducted based on the following process:

**Assess**

- Collect application details
- Prioritize and scope
- Assess and analyze for Cloud adoption

**Plan**

- Migration and strategy plan
- Cost estimates and cost – benefit analysis
- Cloud Adoption Framework governance analysis

**Recommend**

- Define future-state architecture
- Deliver Cloud Readiness report
- Plan execution

## KEY BENEFITS

In 4-6 short weeks, Presidio will analyze your entire application and infrastructure inventory and conduct interviews with each stakeholder to identify the business value. We develop a cohesive modernization strategy, reference architecture, gap analysis and DevOps evaluation. At the culmination of the engagement we will deliver:

- Cloud Readiness / Adoption report
- Application identification and prioritization to move to Azure
- Reference architecture recommendation
- Application migration and strategy plan
- Cloud Adoption Framework Governance analysis and DevOps recommendations
- Cost estimate for Azure migration
- Azure usage cost estimate

## PRICE: $30,000

## WHY PRESIDIO

Presidio is a global digital services and solutions provider accelerating business transformation through secured technology modernization. Highly skilled teams of engineers and solutions architects with deep expertise across cloud, security, networking, and modern data center infrastructure help customers acquire, deploy, and operate technology that delivers impactful business outcomes. Presidio is a trusted strategic advisor with a flexible full life cycle model of professional, managed, and support and staffing services to help execute, secure, operationalize and maintain technology solutions.
