# vE HCM

# Technology & Innovation – Key Differentiators

## Scalability

Highly scalable, allowing businesses to access more features, storage and services as they grow. Can be deployed in any country and infrastructure

## Fully-Integrated

First Fully-integrated intelligent people 'Tech platform which talks seamlessly across all modules and external platforms.

## Huge Cost Savings

Cost effective for large enterprises with minimal time in implementation , no loss of data, effective & easy BLUEFIELD™ data migrations

## R&D and Support

In-house developed product. Strong R&D and support with Techno-functional skillsets.

## Empowerment - DIY

Fully DIY enabled platform empowering users to configure and manage their tool that fosters their productivity and personal passions

## Backed by Trust

Entire platform built on Azure using Microsoft Stack. HADR, BCP compliant. Highly Secured, Sustainable & Scalable. Interoperable wherever needed

## SaaS

Multi tenancy architecture, Micro Services enabled, Module based availability of solution for large customers, Supports 100+ languages

## Accessibility

vE platform is available on Desktop, Mobile Browser and Apps. Highly agile and updated. Is well integrated with other ERPs, CRMs, Financial, etc platforms enabling SSOs, data movement, etc

## How can vE Claims help?

### Alignment to user experience and financial prudence goals of NTUC

vE Claims has already been configured and customised to BBP document as well as various User Change requests over last months. Application is already aligned with existing functions, processes of NTUC as well as delivers required goal of financial prudence in entire claim process, resulting into high user experience and satisfaction.

### Harness Data Analytics & A.I.

vE Claims allows building data analytics and artificial intelligence capabilities through tools of Microsoft Azure, Power BI, Teams, others as well our own platforms. vE provides power BI driven dashboards and reports, without any additional licensing cost. This gives unlimited options of data analytics in forms of dashboards, reports.

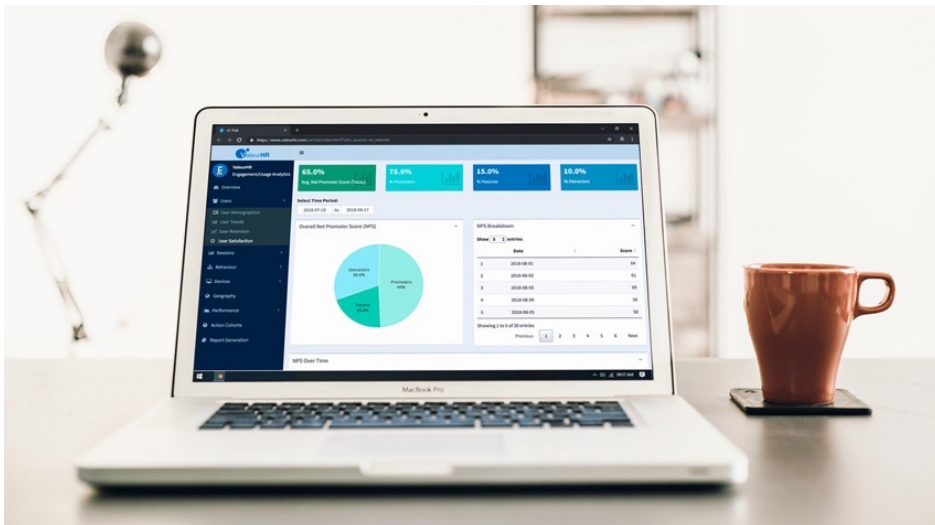

### Certified Scalable and Secured application

vE Claims is certified by Microsoft as secured and scalable application, integrated with Azure (including AD), Power BI, MS 'Teams, AI and all partner ecosystems of SAP, et al

### Digital Transformation to the Cloud

With vE's strong expertise on enterprise cloud solutions, vE application is designed to help NTUC move their offline and partial online claims process, to fully on cloud on Microsoft Azure

# vE – Certified by Microsoft & published on Microsoft Marketplace

The screenshot shows a web browser window with the URL `portal.azure.com`. The page title is "vE Claims & Expense Management - Microsoft Azure". The user is logged in as `jai@valeurhr.com` from `VALEURHR E-SOLUTIONS PVT LT...`. The main heading is "vE Claims & Expense Management" by `VEEXECUTION PTE. LTD.`. There is a "Subscribe" button for the "vE Claims - Enterprise" plan. Below the heading, there are tabs for "Overview", "Plans + Pricing", "Usage Information + Support", and "Ratings + Reviews". The "Overview" tab is selected. The text states: "vE Claims SaaS platform is a part of vE People+ (HCM) Suite. vE Claims enables employee reimbursement process faster, simpler and productive for both employee and other stakeholders viz Manager, HOD, HR, Finance, Commercial, et al departments. Some key highlights of the vE Claims SaaS tool: 

- Configurable to add unlimited and diverse claims with various forms and business logic deployed as per organisation's requirements.
- Integrate vE Claims with any ERP / Financial / HR platform without any hassle for exporting financial data for payroll and/or importing HR Data
- GDPR / PDPA compliant
- A self-service tool allowing staff to submit their claims easily while ensuring compliance with the claim requirements.
- Automated validation of every claim submission to reduce need for manual verification and corrections by finance / manager / others.
- Approvers are able to review and approve claims online. Making entire process seamless and paperless.

# vE – on MS Azure, Hosted in Singapore

Location	Data center type	Status	Failover
📍 Southeast Asia	Primary	Available	-
📍 East Asia	Secondary	Available	-

Singapore Data Center as Primary Data Center

- vE Claims is fully Configurable
- Integrations with SAP SF, SAP S/4 Hana, Microsoft Azure, MS Teams, MS Power, other ERPs / CRMs / Financial Systems already done

The screenshot shows a dashboard for a claims management system. At the top, there is a navigation bar with a menu icon, a logo, a user profile icon, and the name 'Manager'. On the right, the user's name 'Claire Jack' is displayed. Below the navigation bar, there are four summary cards for the month of May Q2: 'Approval Pending' (7), 'Approved' (11), 'Paid Claims' (11), and 'In Process' (7). Each card has a corresponding icon. Below the summary cards is a horizontal menu with tabs for different claim types: 'Flexi & GPML & Health Screening', 'Transport Claim' (selected), 'Overtime Claim', 'Commission Claim', 'Staff Claim', 'Study & Computer Loan', 'Union Gathering', 'Unergizer Claim', and 'Stat'. Below the menu is a search bar and a table of claims. The table has columns for 'REFERENCE NUMBER', 'CLAIM TYPES', 'SUBMISSION DATE', 'AMOUNT', and 'STATUS'. Two rows of claims are visible, both with a status of 'PENDING'.

REFERENCE NUMBER	CLAIM TYPES	SUBMISSION DATE	AMOUNT	STATUS
22WC000004	TRANSPORT CLAIM	2022-06-08	4.8	PENDING
22WC000005	TRANSPORT CLAIM	2022-06-08	17	PENDING
