

SOFT4RealEstate Tenant Portal

SOFT4RealEstate Tenant Portal is a self-service portal for the tenants (customers) of property management companies.

It's an additional module to SOFT4RealEstate – the complete software solution for property management – [App](#).

SOFT4RealEstate Tenant Portal can only be used together with the [SOFT4RealEstate App](#).

SOFT4RealEstate Tenant Portal allows tenants of a property-management company to access their accounts and data anytime, anywhere.

FUNCIONALITY

- Check customer's contract details.
- Enter work/maintenance orders and track their status.
- See billing details, download invoices and see payment history.
- Report turnovers, if applicable.
- Enter and update meter readings, if applicable.

BENEFITS

Some property and accounting managers can spend hours if the customer calls and requests clarification of some invoicing/billing details, or asks for some maintenance work. Using SOFT4RealEstate Tenant Portal, property management companies enjoy:

- Time savings on **REPEATED EMAILING OR UNNECESSARY CALLS, ANSWERING QUESTIONS AND INFORMATION SEARCHES.**
- Higher customer satisfaction due to **IMPROVED COMMUNICATION WITH** their **TENANTS** and faster service.

Are you offering the best self service capabilities for your customers? Contact us info@sof4realestate.com and explore how SOFT4RealEstate Tenant Portal can improve your property management business!
