

# The first truly connected platform for matter, contract and spend management for in-house legal teams.

Create better business outcomes with the platform for in-house legal.

## One secure, connected and cloud-based platform for all of your:

- ✓ Matter management
- ✓ Contract lifecycle management
- ✓ Spend management
- ✓ Analytics & Reporting
- ✓ Knowledge management
- ✓ Self service & Intake
- ✓ Document management

The LawVu platform is a Legal Workspace with productivity and collaboration modules built specifically for in-house legal teams. The platform is anchored by the core Workspace Hub, where you can access your chosen modules: **Matters, Contracts, Engage** and/or **Insights**.

For more information on LawVu or to arrange a demo contact us at:  
www.lawvu.com | US +1213 634 4557 | NZ +64 (0)7 808 5600 | AU +613 9069 8699 | info@lawvu.com

# From requests to resolution, the LawVu workspace is your everyday ‘go-to’ for all your legal work, no matter how large or small.

LawVu scales with your team. Start with the Workspace Hub and select individual modules, or unleash the full power of the complete platform, giving you the ability to manage requests from business users, negotiate a scope of work with external counsel and measure department spend.

## Matters

- Customizable intake flows
- Triage requests
- Agile project management
- Collaborate with internal clients and outside counsel

## Contracts

- Contract repository
- Approval process, audit trail, e-signing
- Contract automation

- Task management
- Directory
- Collaboration tools
- Knowledge base

## Integrations

- Enable 3<sup>rd</sup> party products instantly
- Connect with best-in-class point solutions
- RESTful Developer API
- Suite of integrations include email, e-signing and CRM tools

---

**“LawVu includes everything our in-house team requires. It’s very customisable which suited and enhanced our workflow without interrupting it. I highly recommend a demo to see for yourself.”**

Jason Xu  
Corporate Counsel and Legal Operations - Veolia

When the modules are used together, the workspace platform becomes a powerful, single source of truth for high performing legal teams. It adapts to your existing ways of working or provides new ways of working based on our best practice playbooks.

See below for some examples of end-to-end workflows we empower.

### Requesting general advice

### Requesting contract review

### Instructing outside counsel

# Workspace overview
