

Wragby Learn

Wragby Learn is our consulting service aimed at integrating learning into the workplace by enabling a centralized hub for learning in Microsoft Teams and Microsoft 365. This service empowers organizations to cultivate a learning culture where employees could discover and learn across variety of content sources with Viva Learning.

Why Wragby?

With an extensive employee experience and practice, Wragby will help you create a learning hub in Teams where employees can discover, share, and track learning from libraries across their organization and empower employees to make learning a natural part of their day. Our team will work with you to understand your priorities, challenges, and culture to design a solution that meet your needs.

- Incorporate learning into the tools and platforms where users spend most of their time within Microsoft Teams and Microsoft 365
- Integrate learning content and tools from different sources into a central hub.
- Discover relevant content from your area of interest.

Approach & Deliverables

Deployment

- Configure learning sources by connecting learning content providers and management systems.
- · Configure SharePoint as a source to connect to custom developed contents leveraging Viva Learning's SharePoint connectors.

Adoption and Managed Services

- Drive adoption trainings for leaders and managers on promoting a healthy learning culture.
- Set up a governance process to manage and administer learning contents.
- Ensure fresh contents are uploaded in Viva Learning by managing your content services and targeting the right groups within the organization.

Strategic Consulting

- Guide the leadership team on strategies to reinforce learning as a value add for your employees.
- Advise the leadership team on how to streamline existing learning investments by identifying the key content sources that have the most impact on employee learning.
