

Track your work seamlessly across Microsoft 365 with Klynke Time Management

— About Klynke:

We are a provider of cloud-based online time management app for Microsoft 365, Outlook and Teams enabling valuable time tracking and time sheet reporting.

Our primary customers are small and medium sized businesses and professionals.

— What we offer

Klynke Time Management is a time tracking and project management app for teams and professionals. You get an overview in one place with seamless integration with your Microsoft 365 business software subscription.

We support an unlimited number of teams, projects, and tasks by offering an easy way to manage your team's work with customized timesheets and reports ready for billing. Our key services with the innovative Klynke time sheet, project, and case management cloud solution are built in the trusted Microsoft Azure cloud, where customers' data never leaves the secured Microsoft 365 environment.

A time-tracking and project management app integrating with Microsoft Outlook, Planner, and Teams in one place.

What our customers are saying

"Klynke has helped us be more productive through the use of time tracking and by creating channels in Microsoft Teams with one point of contact."

– Jacob Bennett, Managing Director, K-N-XTRA

Why Microsoft 365?

— Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

— Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

— Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

— Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

— Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Key use cases

Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

Microsoft 365

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
