## “MAKE THE NIGHTMARES STOP!”

Built **by** healthcare **for** healthcare, we understand the language, technology, policies, security issues and concerns that come with the industry.

### Here's how we treat the causes:

- Healthcare Cloud Migration and Modernization
- Healthcare Infrastructure and Operational Assessments
- Healthcare Business Continuity and Disaster Recovery Planning
- Full Healthcare Managed Services
- Azure Training and Workshops
- Healthcare Cloud Staffing Augmentation

### Here's why we're different:

- Cloud agnostic (Azure, AWS, Hybrid)
- HIPAA/NIST Azure Cloud Security Mesh Framework – IaC ready to deploy
- Cost analysis, assessment tools for spend controls and telemetry
- Healthcare enterprise data analytics platform/clinical research platform (build and manage)
- Patents and IP ready for you to leverage

“For Us, It's Personal!”
