ERP>Retail

Connecting the dots for all
your business operations

**THE UK'S
LEADING
BIG TICKET
ERP>RETAIL
SOLUTION**

BIG TICKET ERP>Retail

ERP Retail is the complete end-to-end solution for aspiring Big Ticket, Furniture & Flooring Retailers. Built within the world's most popular mid-market ERP system, Microsoft Dynamics 365 Business Central.

ERP>Retail has achieved Certified for Microsoft Dynamics (CFMD) status

ERP>Retail is a certified Microsoft Dynamics industry add-on developed to Microsoft's own stringent standards. Giving a seamless user experience and best of breed industry specific solution.

With ongoing upgrades so your system never becomes out of date. This is the last ERP System you will ever have to buy!

A solution to run your entire furniture & flooring retail business

From your master product and SKU structure through to the showroom floor tablet sales app designed for speed, accuracy, upsell and insurance opportunities and onto the integrated finance application and payment handling. If a customer changes their mind, no problem, efficient order re-write capabilities giving ease, speed and traceability throughout.

THE UK'S LEADING BIG TICKET ERP>RETAIL SOLUTION

Designed and built from the ground up with and for furniture and flooring retailers.

Complete stock management, costings & traceability

Selling from stock as well as back-to-back supplier ordering and the complete supply chain management, ERP>Retail can benefit your business. Keeping your customer informed throughout the whole journey with automated SMS and e-mail communications.

With full barcoded warehouse management to customer delivery and ongoing customer service management.

Real-time analysis & management reporting

Monitor sales performance, predict sales trends, analyse store and channel performance, product range or even individual SKUs.

Report on each store, channel or salesperson P&L.
