# Power Platform Adoption and Change Management

## About WM Reply

WM Reply provides world-class consultancy services to enterprise sized organisations around the world. Our award-winning teams have the skills & experience support your development and truly embed change. Start your journey with WM Reply.

## What we offer

Power Platform Adoption & Change Management is about driving compliant and self-perpetuating uptake of Power Platform across your organisation.
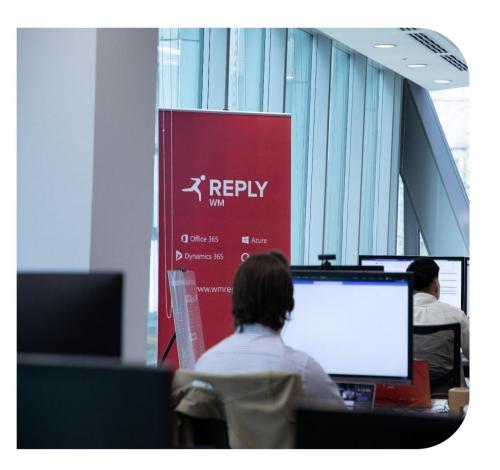

Having invested in securing your environments and setting up the guardrails required for the platform to safely grow, it is time to reap the ROI by encouraging user adoption. WM Reply offers tailor-made Adoption and Change Management support for exactly this purpose.

This includes resources such as email banners, video creation and posters, and activities such as campaigns and workshops.

This session will explore your current organisational state and discuss the most effective approach to an Adoption and Change Management strategy.

## Upscale With Rewards

Effective Adoption & Change Management (ACM) increases success rates while scaling platform uptake safely. Our Prosci-certified ACM teams have the experience to help you achieve this as you embed Power Platform.

# Why Microsoft 365?

## Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

## Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

## Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

## Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

## Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

## Key use cases

**Business-class email**
Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

**Cloud storage**
Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

**Meet online**
Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

**Collaborate, chat privately**
Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

---

### Microsoft 365

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
