Azure OpenAI Workshop

Ready to tap into Azure OpenAI's potential and revolutionise your business with AI and Machine Learning? Advancing Analytics is here to help! We specialise in guiding organisations like yours to unlock unprecedented value and drive growth with cutting-edge technologies.

Meet Advancing Analytics

At Advancing Analytics, we specialise in Data Engineering and Artificial Intelligence, and we take pride in helping some of the largest companies in the world gain a deeper understanding of their data. We're a Microsoft Solutions Partner in Data & AI and Azure, with Specialisations in Analytics and AI & Machine Learning, alongside 5 MVP Awards. We're also recognised as an Award-winning Databricks Select Partner.

The Azure OpenAI Workshop Experience

It feels like everyone is talking about generative AI at the moment. But there is a difference between talking about generative AI and deploying AI to disrupt and drive transformation. Our workshop is designed to provide businesses with a comprehensive understanding of how you can leverage generative AI and machine learning to drive value and growth.

01

Analyse:

Collaborate to identify challenges, goals, and success metrics.

02

Define:

Conduct competitor analysis for valuable use cases.

03

Ideate:

Brainstorm innovative, business-specific ML or AI use cases.

04

Assess:

Identify tractability, feasibility, and ethical concerns.

05

Prioritise:

Deliver a prioritised list of top use cases and an implementation roadmap.

Features

Azure OpenAI for Your Business:

Enhance Document

Search: Leverage ChatGPT for advanced information retrieval.

Automate Content

Generation: Save time with GPT-models.

Gain Valuable Insights:

Uncover hidden patterns using Azure Cognitive Services.

Enhance Collaboration:

Improve communication with Large Language Models (LLM).

The workshop series typically spans three to five days, exploring key technologies like LLM, ChatGPT, GPT-models, and Azure Cognitive Services. Dive into Text Analytics, Computer Vision, and Speech Services to drive business value!

Who is it for?

Business professionals eager to stay ahead of the curve! C-suite executives, department heads, stakeholders, or enterprise architects - this workshop is your chance to discover AI's transformative power.

Learn and Implement:

Regardless of your technical background, we'll provide the knowledge and tools to leverage Azure's latest AI technologies. Learn from real-world examples and let us guide you in implementing AI solutions that propel your business forward.

Don't just take our word for it - hear what our satisfied clients have to say!

"Advancing Analytics conducted additional research to really understand each business area, tailored each workshop accordingly, and brought a number of fresh perspectives and new ideas. **The activity has been seen as a great success.**"

Get in Touch:
