

BECAUSE SOME THINGS ARE JUST BETTER CONNECTED

With OnePlan, its easy to connect the information you care about in one place and make faster, better informed decisions

OnePlan brings your business and all its data together in one intuitive platform. OnePlan lets you connect cloud apps quickly, securely, and reliably.

Create Workflow That Reduces Your Workload

OnePlan provides simple-to-use yet powerful integration to connect your apps and automate your processes.

with **OnePlan** you can.....

AUTOMATE
manual tasks

INTERGRATE
data across apps

COLLABORATE
on actions across teams

AUTOMATE AND OPTIMIZE

Visually create workflows that automate manual tasks in and between apps to save time and increase productivity.

KEEP EVERYONE INFORMED

Monitor for data changes within one app and then synchronize data to other apps to ensure one version of the truth.

SOLVE YOUR PAIN NOW

Add new apps or modify your existing workflows as your requirements change.

BE RESPONSIVE

When data changes in your apps, send notifications or assign a task to users to take action in real-time.
