MANAGE

Security & Compliance

Cybersecurity policies of most organizations are stunted & Cloud computing along with its solutions suite encapsulating Deep AI, Big Data, Automation have shown the much necessary 'bullish silver lining'.

Klayytech's suite of Firewall ,WAF ,DDOS ,SIEM ,EDR, ATP, Threat Intelligence, Security Automation along with vulnerability assessment , Pen-testing & ISO 27001 GAP Analysis helps businesses streamline their entire IT stack end-to-end even from the most advanced threats, in a single SLA. Stay protected, stay future-ready.
