 SCOPE: ... App Modernization

TYPE: ... **Assessment**
 ENGAGEMENT: ... 2 Day Assessment
 COST: ... Free

Overview

Ready for a tech refresh? With First Digital's App Modernization Assessment, you'll collaborate with top experts in Microsoft technologies to receive a customized plan for modernizing your application.

The tech landscape advances at lightning speed, and what was once a cutting-edge enterprise application can gradually become outdated or challenging to upkeep.

At First Digital, our team of software architects and developers boast decades of experience in delivering successful software solutions that align with your business objectives. Whether you're looking to upgrade your tech stack, introduce new features, or migrate on-premises applications to Azure, First Digital can help you navigate the complex choices and potential roadblocks that arise with every tech project.

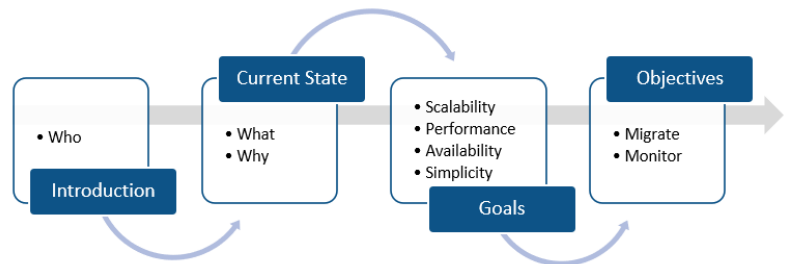

Our area of expertise lies in developing custom enterprise applications that include mobile, web, desktop, cloud, and database development, tailored to your specific needs.

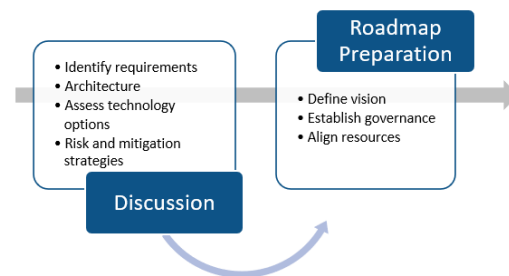

App Modernisation

A First Digital consultant will collaborate with your team and stakeholders to conduct a **high-level assessment** of your application's current state, desired goals, and the optimal path to achieve them. These sessions can be conducted remotely.

Day 1 - Introductions and discussion of current state, goals, and objectives

Day 2 - High Level technology discussions, with roadmap preparation

Deliverables

- The app modernisation assessment will conclude with the delivery of a **Roadmap** outlining the high-level requirements
- First Digital is a Microsoft Solutions Partner with an Advanced specialization in Modernization of Web Applications with Microsoft Azure
