

Questy

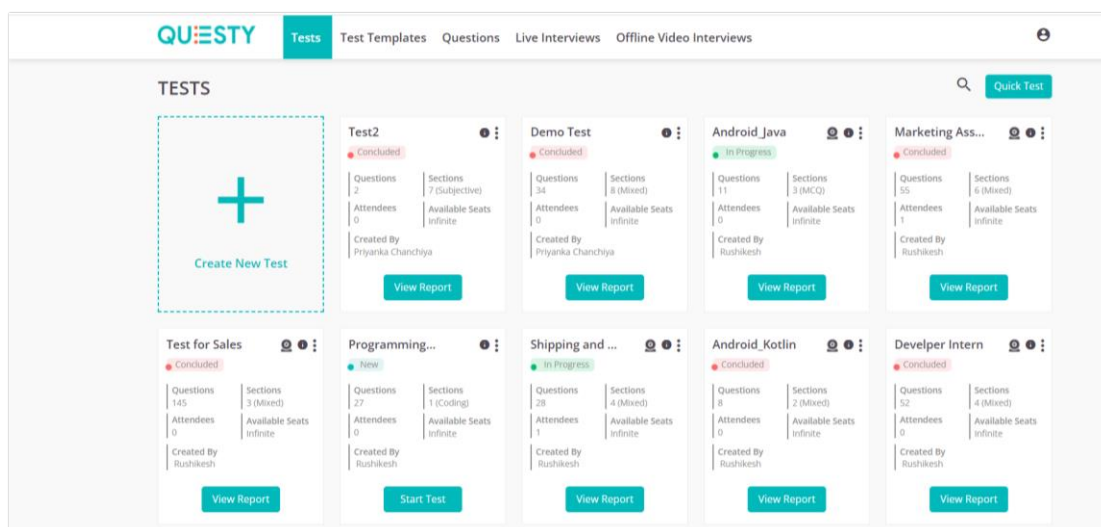

Questy is an AI Driven Talent Assessment Platform that aims to bridge the gap between skilled professionals and organizations seeking top talent. By leveraging advanced technology and innovative matching algorithms, Questy Solutions revolutionizes the recruitment process, ensuring that the right talent is connected with the right organizations.

Questy Team:

Welcome to Questy. You need to enter your login credentials to access your team.

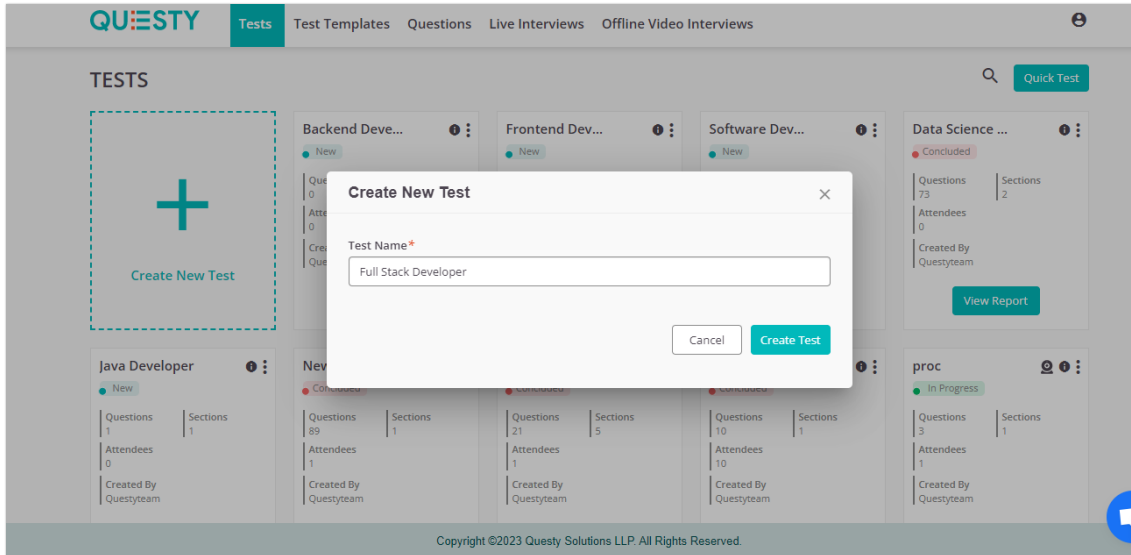

Once you login into your team, you can see the tests, the number of candidates attempting those tests, and the number of questions included in each test. Additionally, you can find the "View Report" option on each test to check the report of candidates participating the test.

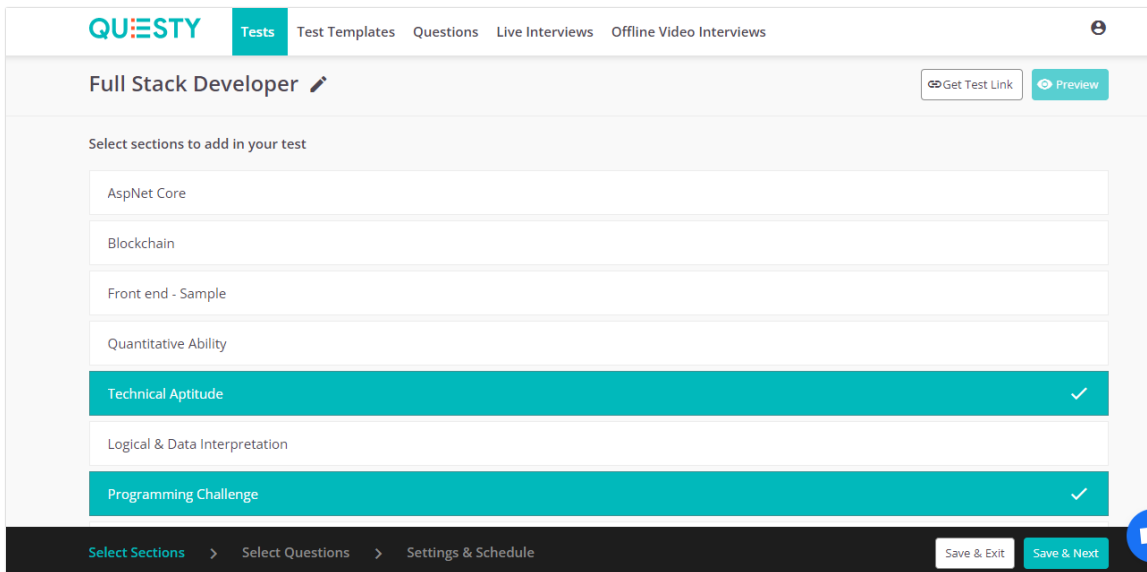

Features:

1. Test Management

Now, we will explore how to create a test. Start by adding a name to the test.

Select the sections you want to include in the test and add them accordingly.

Choose questions from the question pool. There are three options for selecting questions: random selection, manual selection, or selecting all questions from the sections.

QUESTY Tests Test Templates Questions Live Interviews Offline Video Interviews

Full Stack Developer [Get Test Link](#) [Preview](#)

Select questions for each section

Technical Aptitude	0/50 question(s) selected +
Programming Challenge - Catalogue	0/26 question(s) selected +
Csharp	0/45 question(s) selected +
Communication Skills	0/50 question(s) selected +
Time Management	0/45 question(s) selected +
Angular	0/6 question(s) selected +

Select Sections > **Select Questions** > Settings & Schedule [Save & Exit](#) [Save & Next](#)

The final step is to configure the settings and schedule. Here, you can select the time duration for each section, set the start date and time, and enable cheating prevention features.

Candidate will be redirected to test screen once he/she clicks on “Start Test” button. He/She can move to next questions by clicking on “Next” button. There are various options available during the test, such as marking for review, clearing responses, and finishing a section.

The screenshot shows a test interface for a 'Full_Stack Developer' role. The user is identified as Firoja Parveen. The test title is 'Full_Stack Developer' and the time remaining is 00:59:47. A 'Finish Test' button is visible in the top right corner. The question is titled 'Question #1' and contains a C++ code snippet. The code is as follows:

```
\\file1
#include <iostream>
using namespace std;

int main()
{
    char p[] = "plato";
    p[3]='e';
    cout << p << "\n";
    while(1);
}
```

The answer options are:

- execution error
- compilation error
- plate
- plato
- platoe

At the bottom of the interface, there is a progress bar with question numbers 1 through 40. A legend indicates the status of questions: Answered (blue), For Review (orange), Selected (black), and Unanswered (white). Below the progress bar are buttons for 'Clear Response', 'Mark for Review', '< Previous', and 'Next >'. The interface is powered by QUESTY.

Once the test is completed, he/she can finish the test by clicking on “Finish Test” Button. He will get the summary of the test at the end.

The screenshot shows a 'Test Summary' screen. The total number of questions is 50. The attempt summary is as follows:

Attempted Questions	Not Attempted Questions	Questions Marked for Review
22	28	0

Below the table, there is a message: "Test once ended, cannot be resumed. Are you sure, you want to end your test?". There are two buttons: "Request to Resume" and "End Test". The interface is powered by QUESTY.

Copyright ©2023 Questy Solutions LLP. All Rights Reserved.

On clicking on “End Test” it will end the test and ask candidates for feedback.

3. Test Report

To view the report, click on "View Report," and you will be redirected to the report dashboard. You can download the report in Excel or PDF format.

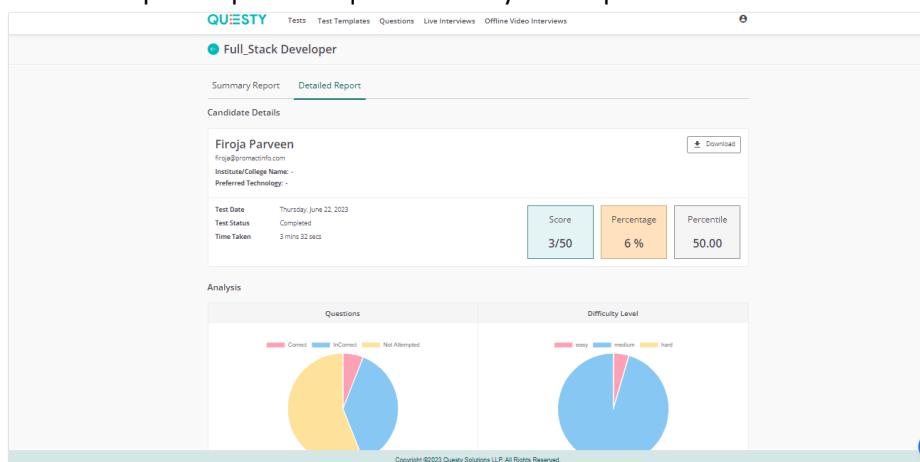

There are two types of reports available:

- i. Summary Report: It displays candidates' percentiles and basic test details.

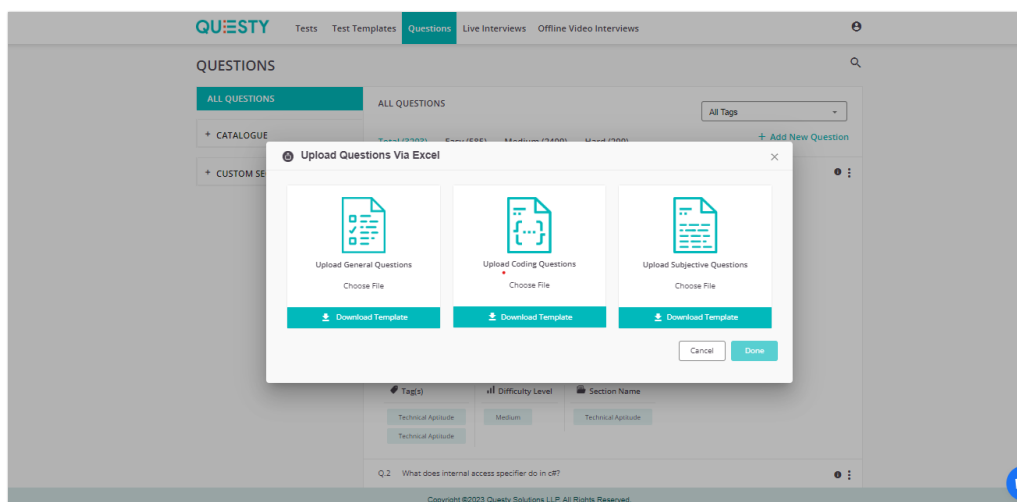

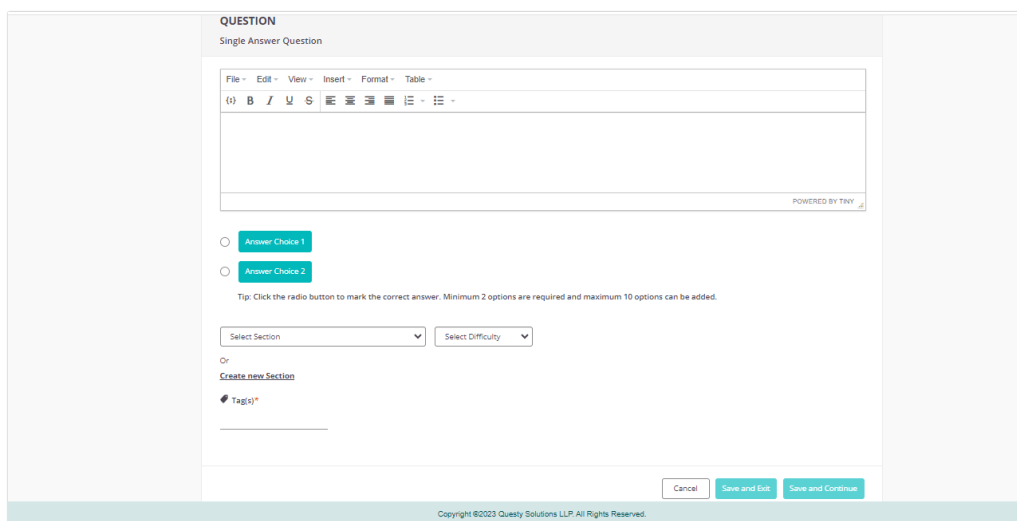

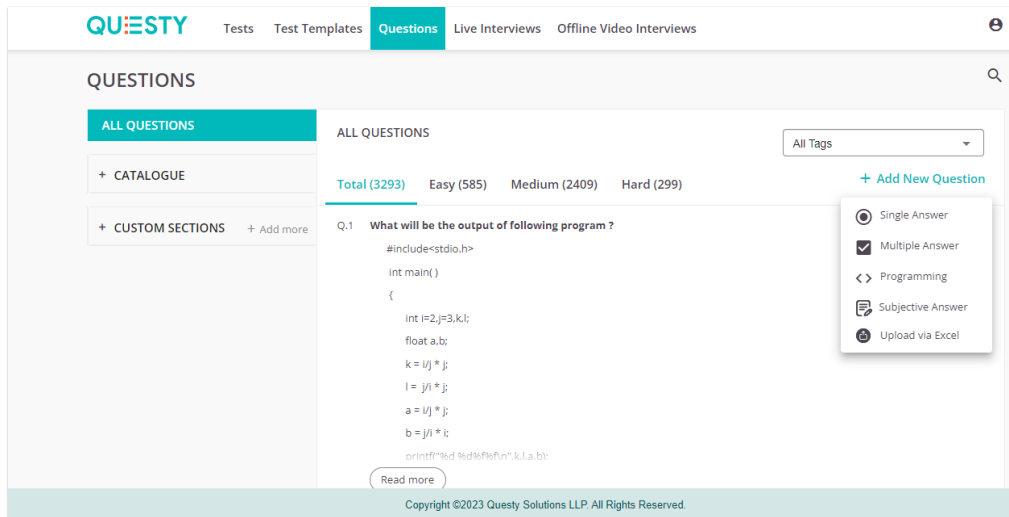

- ii. Detailed Report: It provides question analysis and percentiles.

4. Questions Management

Adding questions in Questy is simple. You can add questions manually or import them using Excel sheets. If needed, Questy can provide content from our end to make your work easier.

You can use premium catalogue from Questy as well as create your own questions by creating a custom section.

5. Offline Video Interview

Offline Video Interview is a feature that enables one-way interview rounds, streamlining the offline interview process for companies. To conduct an offline video assessment, follow these steps: click on “Create New Test”, fill Test Details, select Questions, and share the test link with the candidates.

The screenshot shows the 'TEST DETAILS' step in the 'Create New Test' process. The interface includes a navigation bar with 'QU:ESTY' and menu items: Tests, Test Templates, Questions, Live Interviews, and Offline Video Interviews. A 'Create New Test' button is visible. The main content area is titled 'TEST DETAILS' and contains a note: 'Note: In this assessment only subjective questions are allowed and the system will be recording the audio and video of the candidate.' Below the note are several form fields: 'Test Name*' (Flutter Developer), 'Test Duration (In Minutes)*' (30), 'Test Type*' (Open), 'Start Date & Time*' (6/22/2023, 2:00 PM), 'End Date & Time*' (6/30/2023, 1:58 PM), 'Select Candidate's Country*' (Chennai, Kolkata, Mumbai, New Delhi), 'Test Evaluator' (Asha Patel), 'Browser Tolerance*' (Low), and 'Focus Lost Time (In Seconds)*' (5). A summary bar states: 'Test will start on Jun 22, 2023 at 2:00 PM and ends on Jun 30, 2023 at 1:58 PM in (UTC+05:30) Chennai, Kolkata, Mumbai, New Delhi'. At the bottom, there are 'Discard' and 'Select Questions' buttons, and a copyright notice: 'Copyright ©2023 Questy Solutions LLP. All Rights Reserved.'

The screenshot shows the 'SELECT QUESTIONS' step in the 'Create New Test' process. The interface includes a navigation bar with 'QU:ESTY' and menu items: Tests, Test Templates, Questions, Live Interviews, and Offline Video Interviews. A 'Create New Test' button is visible. The main content area is titled 'SELECT QUESTIONS' and shows 'Selected Questions (2)'. Below this, there are filters for 'Total Questions (16)', 'Easy (0)', 'Medium (15)', and 'Hard (0)'. A dropdown menu shows 'Flutter' and 'All Sections'. Two questions are listed: 'Q.3 What are the best Flutter development editors?' and 'Q.4 Explain about pubspec.yaml file?'. Each question has a 'Tag(s)' (Flutter), 'Difficulty Level' (Medium), 'Section Name' (Flutter), 'Marks' (5), and 'Sequence' (1). At the bottom, there are 'Discard', 'Previous', and 'Create Test' buttons, and a copyright notice: 'Copyright ©2023 Questy Solutions LLP. All Rights Reserved.'

During the offline video interview, only the attendee needs to be online and he/she needs to speak the answer as there is no option to write. The entire session is recorded, capturing both the interviewee's responses and their interactions with the assigned questions. Once the interview is over the Team admin can evaluate the offline Video Interview.

6. Live Interview

The live interview refers to a real-time interaction between an interviewer and an interviewee. Unlike traditional face-to-face interviews, live interviews will help you connect remotely, allowing participants to connect from different locations.

You can schedule and interview with a candidate and he/she will get the invitation over email. On the day of interview both interviewer and candidate need to connect at the given time to initiate the interview.

The screenshot shows the 'Schedule Live Interview' form with the following details:

- Candidate Details:**
 - Name: Firoja Parveen
 - Email: firoja@promactinfo.com
 - Contact Number: 9087654321
- Resume:** Drag & Drop or Click here to upload your file (.doc, .docx or .pdf). Maximum file upload size: 5MB.
- Interviewer Details:**
 - Name: Asha Patel
 - Email: ashapromact18@gmail.com
 - Email Subject: Live Interview for Flutter Developer
- Test Settings:**
 - Select Candidate's Country: (UTC+05:30) Chennai, Kolkata, Mumbai...
 - Start Date & Time: 6/22/2023, 2:33 PM
 - Test will start on Jun 22, 2023 at 2:33 PM in (UTC+05:30) Chennai, Kolkata, Mumbai, New Delhi
 - Enable Webcam: Audio-video: Audio:
 - Chat Conversation:

Buttons: Cancel, Create

The screenshot shows the 'LIVE INTERVIEW' dashboard with a table of scheduled interviews. The table has columns for Attendee, Interviewer, and Time & Date. Each row includes a 'Close' button and a set of action buttons (Information, Settings, Cancel).

Attendee	Interviewer	Time & Date	Information	Settings	Cancel

7. Proctored Test

Follow the same steps mentioned in test creation flow and in test settings check the option “Record Session”

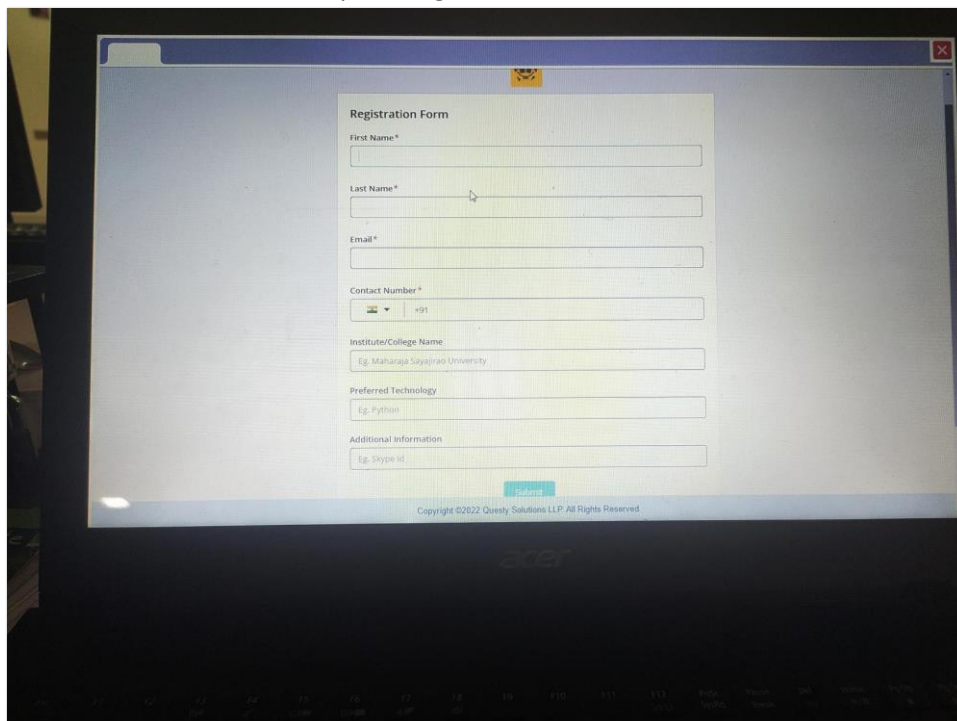

Once the test is created you can share the link with the candidate.

Candidates need to follow the below steps for the test:

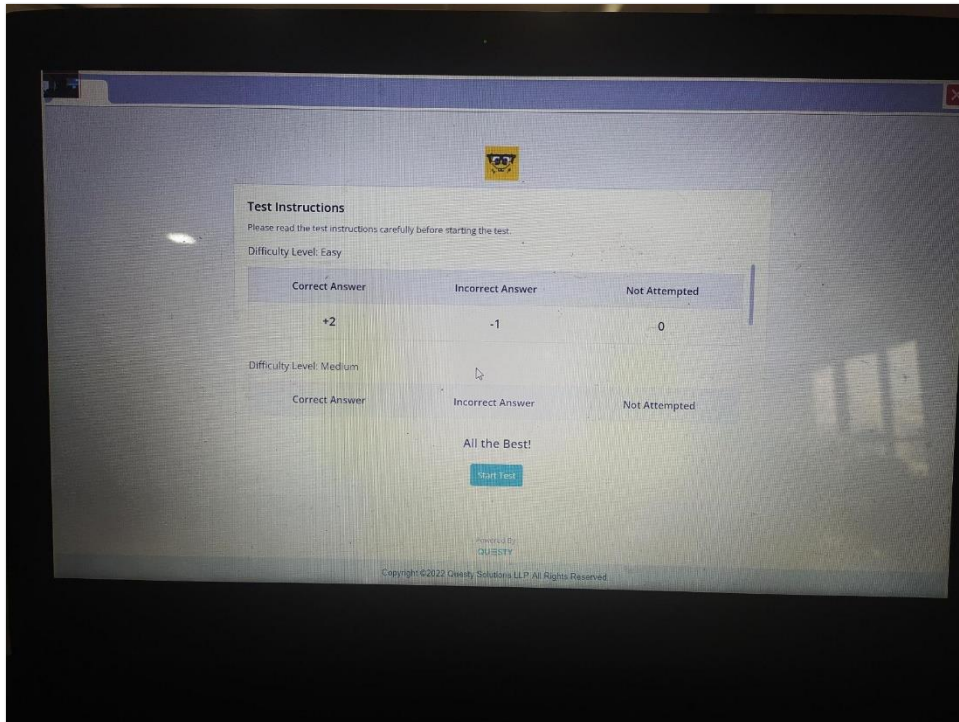

1. The candidates need to click on “Continue to Test” to open the test in questy application. If they don't have the applicated pre downloaded then they first need to download the application and then continue with the test.

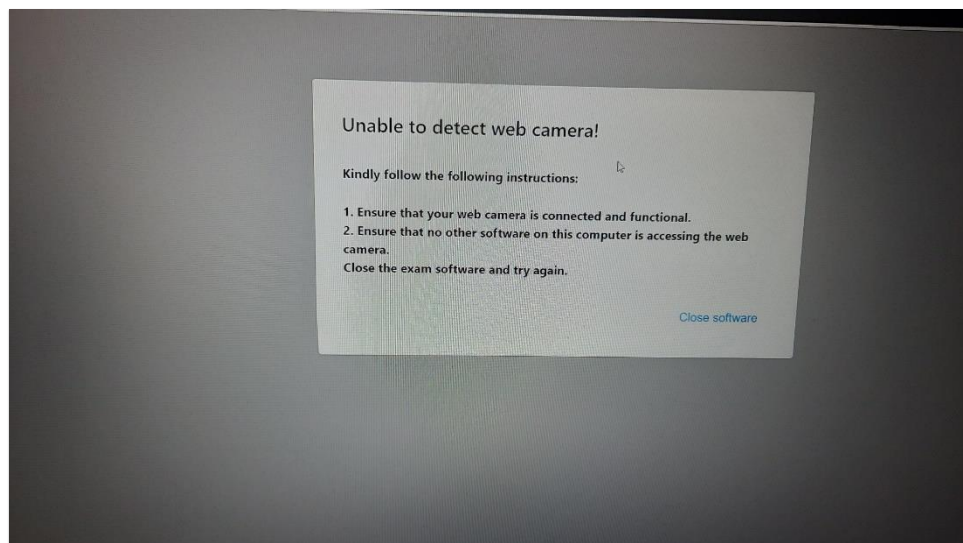

2. The candidate needs to fill up the registration form and start the test and then start the test.

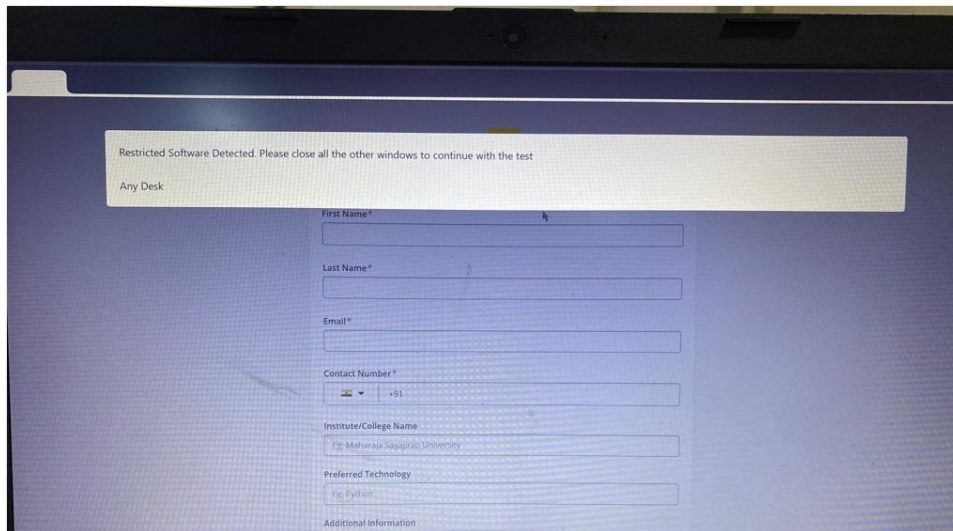

3. Once they start the test webcam will be on and they will view the questions on the screen.

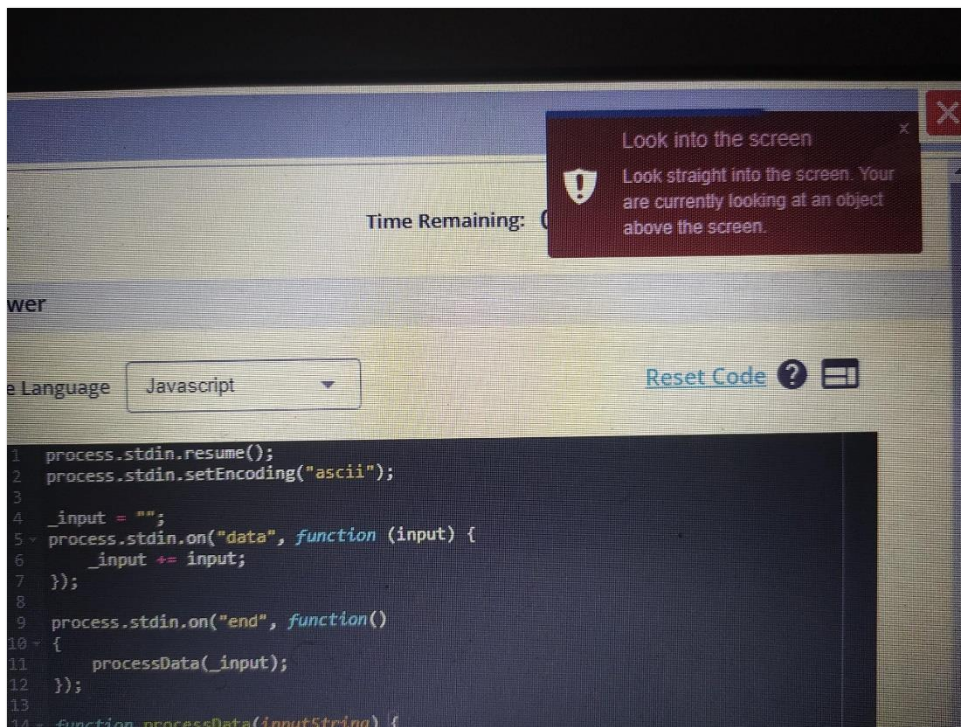

4. Certain activities that are prevented by the candidate are:
- If the candidate doesn't have webcam or mic connected to pc or it's not working and application is not able to detect then candidate will be informed and he/she will not be able to start the test.

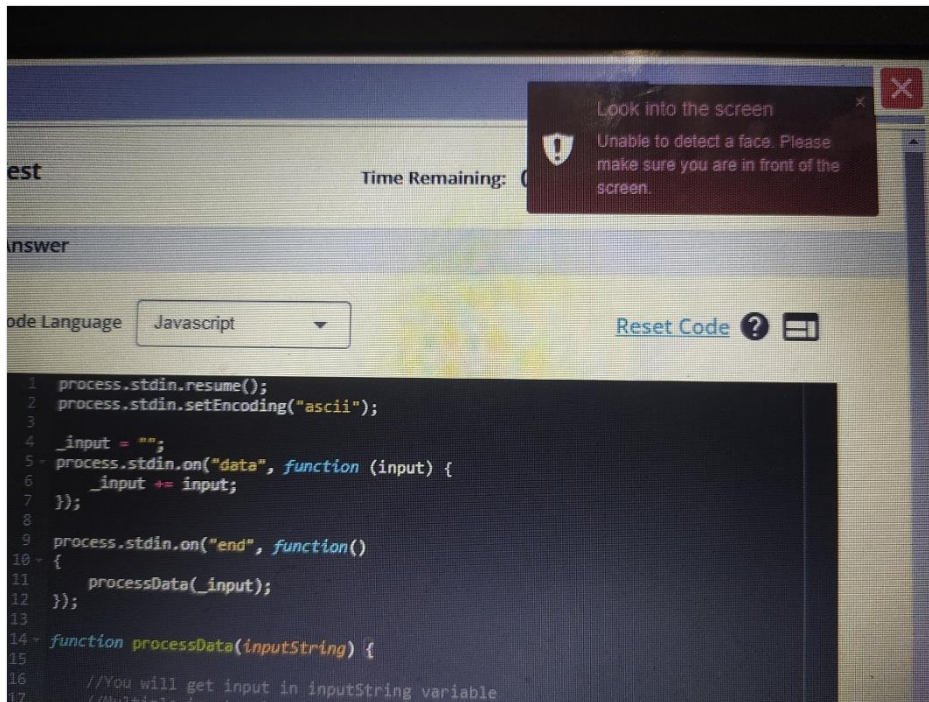

- If he has any other app like Teams, any desk, team viewer opened while starting the test then application will not allow the candidate to start the test, he/she will be informed to close that application and restart the system and then start the test.

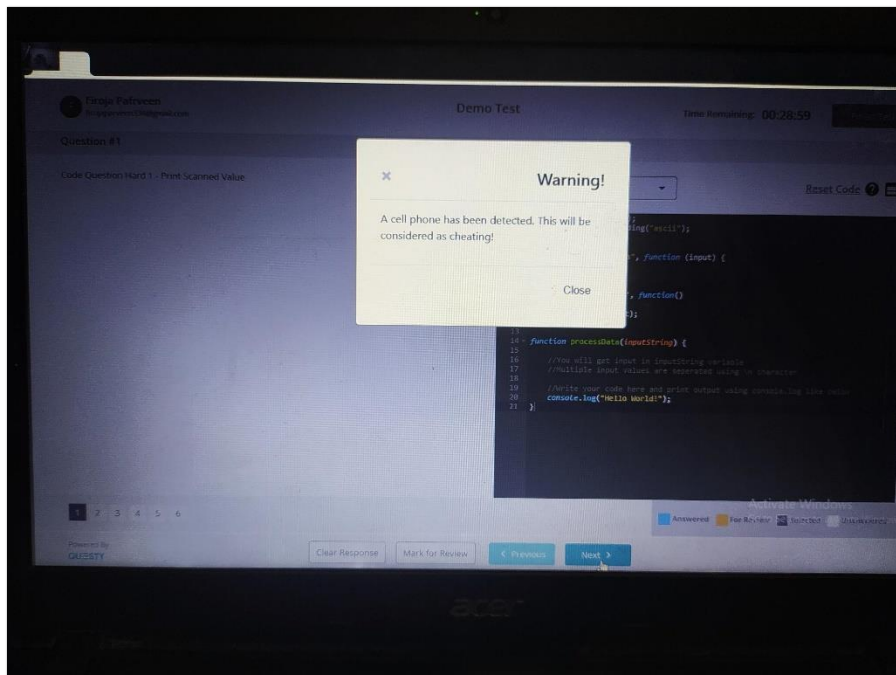

- c. If a candidate is not looking straight at the screen, notification will show on the test screen.

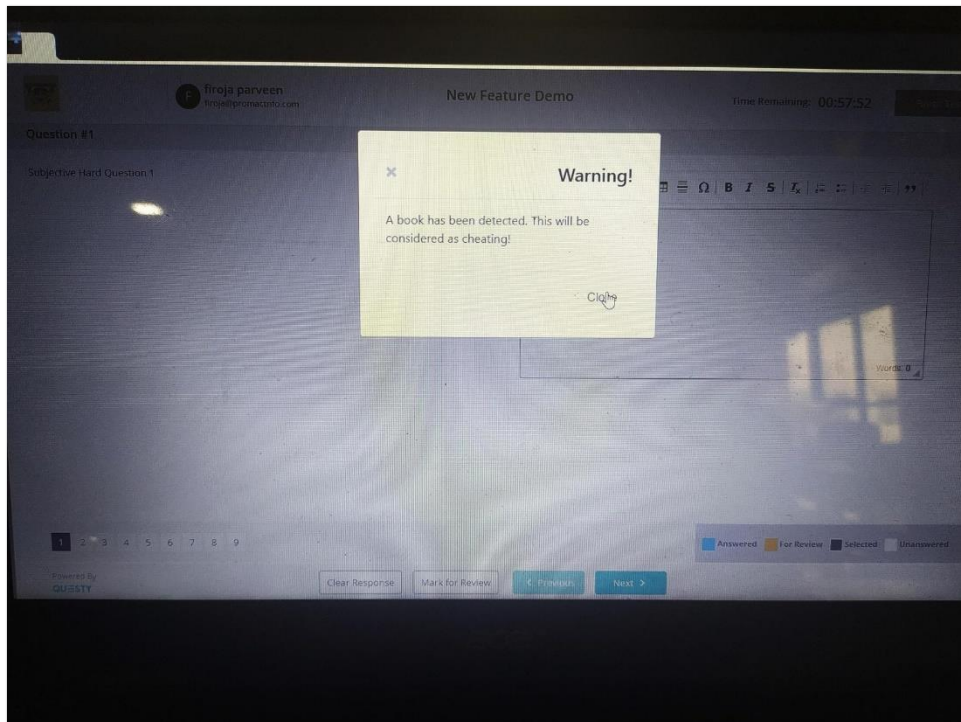

- d. If a candidate is hiding his/her face or blocking the webcam, notification will show on the test screen.

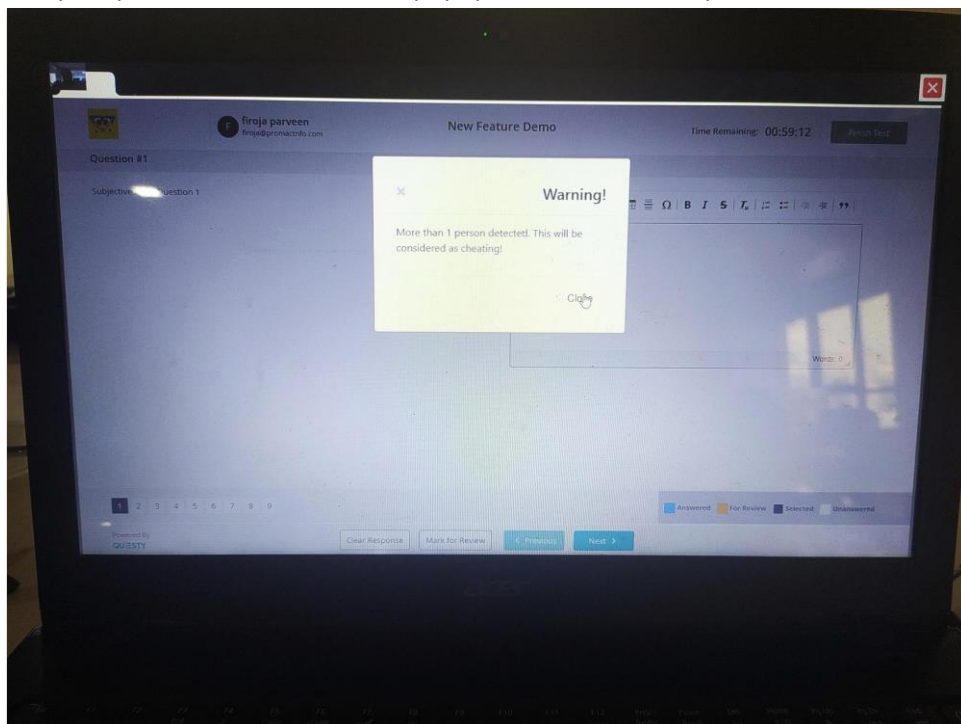

- e. If a mobile phone or book is detected in webcam then popup will show to notify him.

- f. If any 2nd person is detected, then popup will show to notify him.

- g. Since the candidate is taking the test in an application which you cannot minimize while the test is ongoing, he/she will not be able to move to any other app or browser to look for answers.
- h. Candidates will not be able to take screenshots of the screen.
- i. Candidate will not be able to share his test screen in Teams, Gmeet, Zoom or any other application. The screen will appear black once the test is started.
- j. Candidate will not be able to copy any text in the test screen and he will also not be able to paste any text in code and subjective answer editor.
5. Once he completes the test he can click on "Finish" and end the test.

Once the test is over, Team can see the detailed recording of the test as well as other details which will help to evaluate the candidate.

The screenshot shows the QUESTY dashboard with a sidebar on the left containing 'Admin', 'Remote Proctor', 'Live Feed Proctor', and 'Exam Recordings'. The main content area displays a table with columns: Name, Email, Exam Title, Client Code, Looking Away, More Than 1 Face, Different Person, More Than 1 Person, Book / Mobile, and Has Exam Ended. The data row for Firoja Parveen shows: Name: Firoja Parveen, Email: firozaparveen94@gmail.com, Exam Title: Demo Test, Client Code: VRJPK, Looking Away: 27, More Than 1 Face: 0, Different Person: 0, More Than 1 Person: 2, Book / Mobile: 0, Has Exam Ended: true. Below the table, there are sections for 'Exam Started On' (12-09-2022 11:52:12), 'Exam Ended On' (12-09-2022 12:00:41), and several 'View' buttons for 'Student Images', 'Geo Location', and 'Recorded Video'. There are also manual detection alerts for 'Manual Looking Away Detected', 'Manual More Than 1 Person Detected', 'Manual Different Person Detected', and 'Manual Book / Mobile Detected'. A 'Proctor Comment' field is empty. At the bottom right, there is a 'Previous 1 Next' navigation bar and a 'Showing 1 to 1 of 1 entries' indicator.

The screenshot shows the QUESTY dashboard with a sidebar on the left containing 'Admin', 'Remote Proctor', 'Live Feed Proctor', and 'Exam Recordings'. The main content area displays a video recording of a candidate. At the top of the video player, there is a red alert banner with the following text: 'Not looking at screen 27', 'More than 1 face detected 0', 'Different Person Detected', 'More than 1 person 2', and 'Book / Cell Phone detected 0'. The video shows a woman with glasses and a red patterned top. At the bottom of the video player, there are controls for 'Pause', 'Play', 'Rewind 10 seconds', and 'Fast Forward 10 seconds'. At the bottom right, there is a 'Previous 1 Next' navigation bar and a 'Showing 1 to 1 of 1 entries' indicator.
