

ABOUT GIVVABLE

givvable is an award winning **AI-Powered Supplier Sustainability Platform** for companies to screen and validate supplier activity on sustainability & ESG (Environmental, Social and Governance), auto-mapped to corporate targets, supplier codes of conduct, impact frameworks and reporting standards.

givvable has unrivalled coverage of **1K+ local-to-global sources**, **1M+ credentials** and **100M+ complex data relationships** delivering fit-for-purpose sustainability & ESG indicators for procurement, sourcing and sustainability practitioners, globally.

MEET YOUR TARGETS, FASTER

givvable helps companies activate their purchasing power to drive positive outcomes to set and meet their sustainability & ESG targets.

Monitor ESG

Instantly infill data gaps for internal or mandatory ESG requirements and non-financial reporting

Protect Environment

Identify targets and initiatives to reduce emissions, minimize waste, use water efficiently and protect biodiversity

Improve Diversity

Engage across all aspects of diversity and DE&I workplaces (Diverse, Equity & Inclusion)

Source Responsibly

Promote sustainable resource use and equitable labour practices, and address modern slavery

Support Social Procurement

Identify suppliers driving positive social outcomes and associated impact

Intensifying focus from regulators, investors and customers requires companies to have data-backed plans to demonstrate progress towards their sustainability & ESG targets. The greatest opportunity to demonstrate impact lies in the value chain - and givvable helps organizations track, report and communicate progress with ease.

OUR SOLUTIONS FOR CORPORATE BUYERS

givvable has two key solutions for Corporate Buyers:

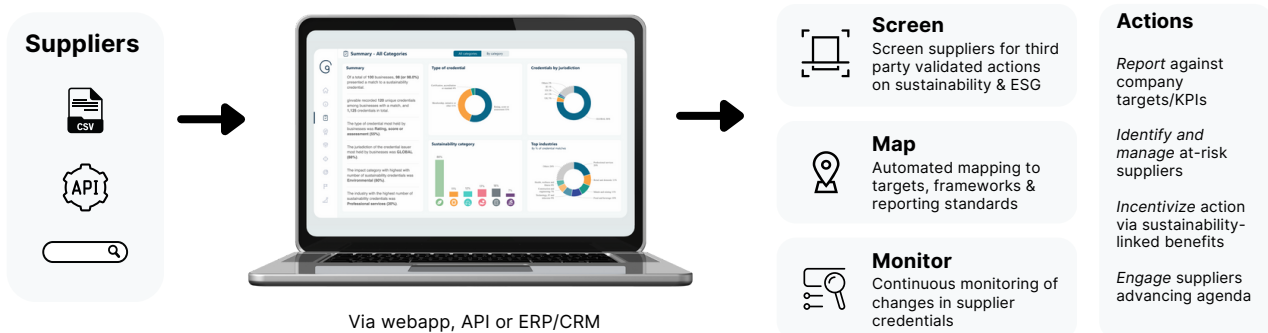

(a) **Screen & Track**, a minimum 12 month subscription to screen, monitor and map third party validated supplier sustainability actions to corporate targets, impact objectives and reporting standards. Starting price: A\$13,980 per annum includes license to givvable's interactive webapps and dashboards, 100 suppliers and automated supplier invites. Please request a quote for >100 suppliers (based on # of suppliers).

(b) **Search & Discover**, an annual subscription to the givvable platform. A self-service, on-demand tool for companies to grow pool of credentialed suppliers. Users can set their sustainability credentials, targets and SDGs and view supplier alignment/overlap. Includes advanced filtering by product/service, location and credentials, supplier shortlists and credential glossary. Starting price: US\$399 per month or US\$4,299 per year per user. Corporate pricing available for multiple users on an annual subscription.

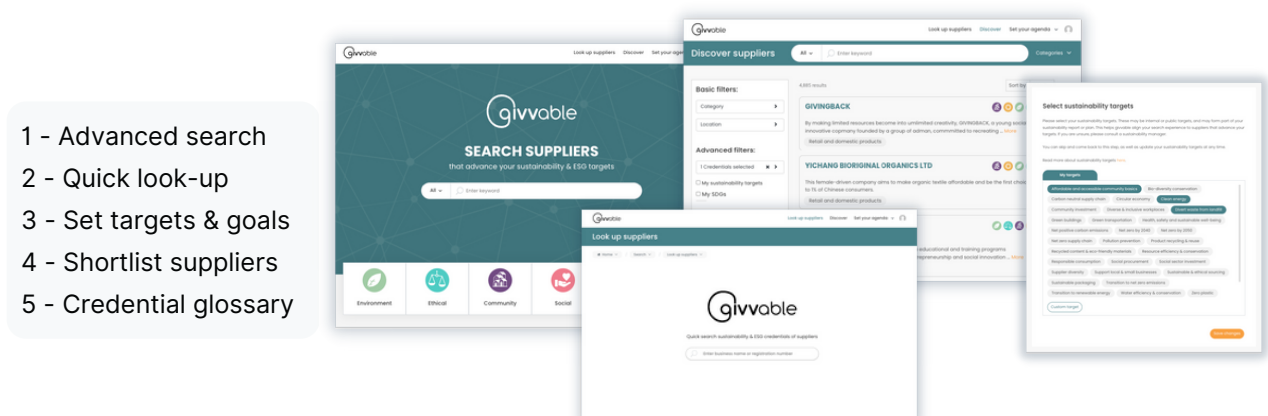

Our solutions are complementary and supported by givvable's **Free Supplier Portal** which enables suppliers to self-register credentials for validation, and access free tools & learning modules to support their sustainability journey.

givvable covers **more credentialed suppliers than any other platform globally** (300K+ suppliers, 3.25x Ecovadis). As an Australian business with global coverage, givvable covers both local Australian and globally recognised credentials, with broad industry coverage. Our clients include AB InBev, Bupa, CSR, Singtel, Medibank, Microsoft and Mirvac.
