## Ask Your Case

Answers questions regarding individual documents or the entire case file.

## Draft Your Text

Assists writing by providing suitable arguments and boilerplates.

## Know Your Case

Allows a clear overview of the contents of a case file without having to read the documents themselves.

## Summarize Your Conversation

Transcribes speech into written form and summarizes the content as a transcript of the conversation.

## Choose Your Language

Answers in your preferred language - regardless of which language the documents have been produced in.
