WHO WE ARE

The driving force behind the CompuTax group is a team of Chartered Accountants and Advocates. The foundation was laid down in 1989 in Jaipur. Now 2 group companies are undertaking the development and marketing of softwares jointly.

Professional Softec Private Limited (PSPL) was formed in 1998. It houses highly qualified technical staff engaged in software development and trained personnel for support. These developed softwares are sold through its dealer network.

Taxsoft Marketing Pvt Ltd (TMPL) was formed in 2006. TMPL markets softwares developed by its group companies. It also offers various types of Digital Signature Certificates (DSC) for I.T. return, GST, MCA21, EXIM, e-tenders etc. It has a wide sales network and user base of professionals, corporates & non-corporates all over India.

Our strength is the technical and professional expertise that our team possesses in handling large and complex applications.

CompuTax has been appreciated by the IT Department several times for the highest number of returns filed through it among the private software providers.
