

Dynamics 365 Finance & Operations Migration

Now is the time to upgrade to Dynamics 365 F&O

Microsoft support for the AX 2012 R3 solution ends January 2023. Many organizations will be forced to move to the cloud or operate without Microsoft support. To ensure access to the latest functionalities and available Microsoft support, organizations need to migrate to Microsoft Dynamics 365 Finance & Operations. Protiviti's Dynamics 365 experts can migrate your environment, while supporting your organization leveraging workshops and training.
