How WE WORK

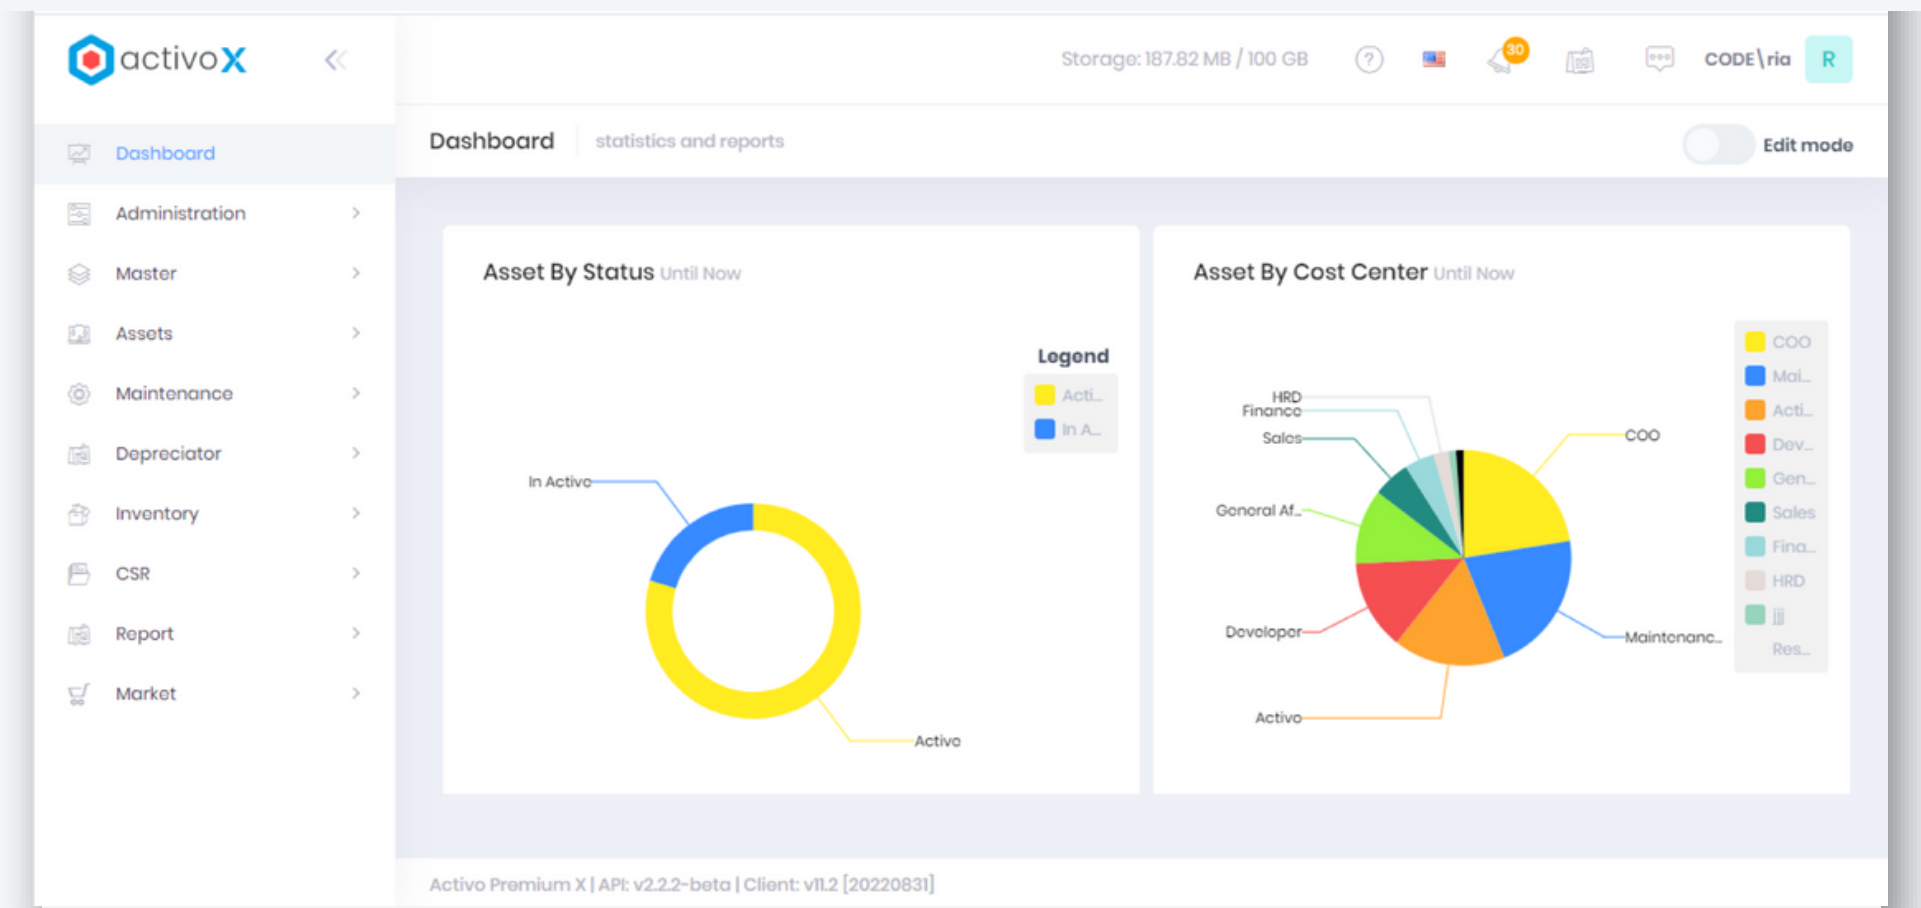

Activo X works in a sophisticated way. You can start with an interactive dashboard to reach all your assets clearly. The asset registration feature is to record the details of your overall assets. No less a favorite are other advanced features such as reporting, maintenance, check in and check out, depreciation, Approval Process up to 4 levels of approval, pick up requests integrated with SiCepat courier, Live chat with Other Tenant and Chat with CS.

Activo X already supports systems with a comprehensive level of system security by accommodating Captcha & Two factor Authentication security.

INTERACTIVE DASHBOARD

The dashboard displays charts, tables and other visualizations to assist the Company in tracking, analyzing and displaying fixed assets.

AUDIT

The process of auditing or stock taking of fixed assets will be easier by using barcodes, QR Codes, and RFID tags.

Actions	ID	Description	Location	Department	Date
<input type="checkbox"/> Actions	AU000065	test asset	Bekasi	Sales	10/24/2021 12:00:00 AM
<input type="checkbox"/> Actions	AU000069	0182837488	Jakarta	Finance	10/28/2021 12:00:00 AM
<input type="checkbox"/> Actions	AU000071	Audit Bulan Desember			12/01/2021 12:00:00 AM
<input type="checkbox"/> Actions	AU000073	Audit Bulan November			11/01/2021 12:00:00 AM
<input type="checkbox"/> Actions	AU000074	gshsggs	Depok	HRD	11/01/2021 12:00:00 AM

<input type="checkbox"/> Actions	AU000076	test close 11 nov			11/10/2021 12:00:00 AM
<input type="checkbox"/> Actions	AU000078	Proses audit	Bekasi	Activo	11/11/2021 12:00:00 AM

CHECK IN/ CHECK OUT

Transfers or moving fixed assets will be easier to track using internal/external couriers.

The screenshot displays the Activo X software interface, which is used for managing asset check-ins and check-outs. The interface is divided into several sections:

- Asset Check In:** This section shows a search bar, a table of asset check-in records, and a 'Track History' sidebar. The table has columns for ReceivedDate, Approved By, Location, Cost Center, Total Asset, Courier Type, and Status. A single record is visible for 'Ria' on '04/04/2022' at 'LC0000 Bekasi'.
- Asset Check Out:** This section shows a search bar, a table of asset check-out records, and a 'Track History' sidebar. The table has columns for Code, Request Date, ApprovedSPV, Approved Date, ReceivedDate, Total Asset, and TrackingStatus. Four records are visible, all with a status of 'IN PROGRESS' or 'RECEIVED'.

ReceivedDate	Approved By	Location	Cost Center	Total Asset	Courier Type	Status
04/04/2022 1:12:16 PM	PE000132 - Ria Shovi	LC0000 Bekasi		1		

Code	Request Date	ApprovedSPV	Approved Date	ReceivedDate	Total Asset	TrackingStatus
OT000216	03/28/2022 1:32:48 PM	PE000113 - Chandra 1	03/28/2022 1:32:48 PM	-	1	IN PROGRESS

OT000222	03/31/2022 9:43:20 AM	PE000113 - Chandra 1	03/31/2022 9:43:20 AM	-	1	IN PROGRESS
OT000225	03/31/2022 10:38:04 AM	PE000113 - Chandra 1	03/31/2022 10:38:04 AM	04/04/2022 1:12:16 PM	1	RECEIVED

DEPRECIATION

Fixed asset depreciation calculator with straight line and double declining method with just one click.

The screenshot displays the ActivoX software interface for managing depreciation books. The main area shows a table of depreciation books with columns for Actions, Code, Name, Current Period, and Update Asset Current Value. A detailed view of a depreciation book (DB000002) is shown, including fields for Start Period, End Period, and a dropdown menu for the depreciation method (Straight line, Double Declining, Double Decline Proportional).

Actions	Code	Name	Current Period	Update Asset Current Value
<input type="checkbox"/> Actions	DB000002	tax		
<input type="checkbox"/> Actions	DB000003	Komersial		
<input type="checkbox"/> Actions	DB000004	Tes Buku		
<input type="checkbox"/> Actions	DB000006	Fiscal-1		
<input type="checkbox"/> Actions	DB000007	komersial 2		

Depreciation Book: DB000002

Start Period: 01/01/2022

End Period: 12/31/2022

Method: Straight line, Double Declining, Double Decline Proportional

MAINTENANCE

Ease of tracking and requesting fixed asset repairs (request orders) to maintenance work orders.

The screenshot displays the 'Asset Maintenance Request' interface in ActivoX. The left sidebar shows a navigation menu with 'Maintenance' selected. The main content area shows a table of requests with columns for Actions, Code, Priority, Title, Request By, Spv Assignee, Status, and Start. The table contains six rows of data.

Actions	Code	Priority	Title	Request By	Spv Assignee	Status	Star
<input type="checkbox"/> Actions	WO000001	MEDIUM	audio mati	Karima Rizqiyana	PE000023 - Dyah Maharani	OPEN	08/12:0
<input type="checkbox"/> Actions	WO000002	MEDIUM	audio mati	Karima Rizqiyana	PE000023 - Dyah Maharani	OPEN	08/12:0
<input type="checkbox"/> Actions	WO000005	MEDIUM	audio mati total	Karima Rizqiyana	PE000023 - Dyah Maharani	OPEN	07/10:4
<input type="checkbox"/> Actions	WO000007	HIGH	testing maintenance 1	Dyah Maharani	-	OPEN	07/3:53
<input type="checkbox"/> Actions	WO000008	HIGH	Mintenance 3	Dyah Maharani	-	IN_PROGRESS	07/12:0
<input type="checkbox"/> Actions	WO000009	MEDIUM	Maint2	Dyah Maharani	PE000024 - Rani Maharani	OPEN	07/3:00

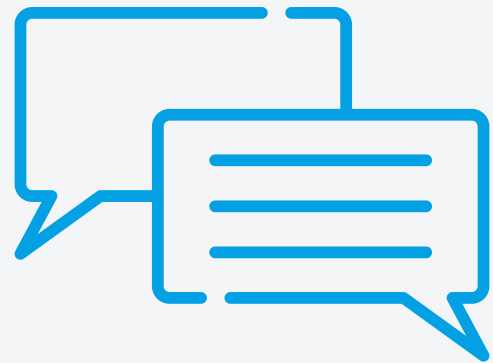

REPORTING

Displays fixed asset reports with interactive dashboards and raw data that can be downloaded in xls form.

The screenshot displays the ActivoX reporting interface. On the left, a sidebar menu lists various reports: Inventory, CSR, Report, Asset Report, Location Report, Cost Center Report, Person Report, and Depreciation Report. The main area shows the 'Report Schema Asset' configuration. A search bar is present, along with a 'Show advanced filters' section. A table of actions is visible, with columns for 'Actions' and 'Code'. A dropdown menu for 'Excel operations' is open, showing options like 'Export to excel', 'Import from excel', and a link to download a sample import file. The interface also includes a 'Refresh' button and a 'ReportType' dropdown menu.

CHAT WITH HOST

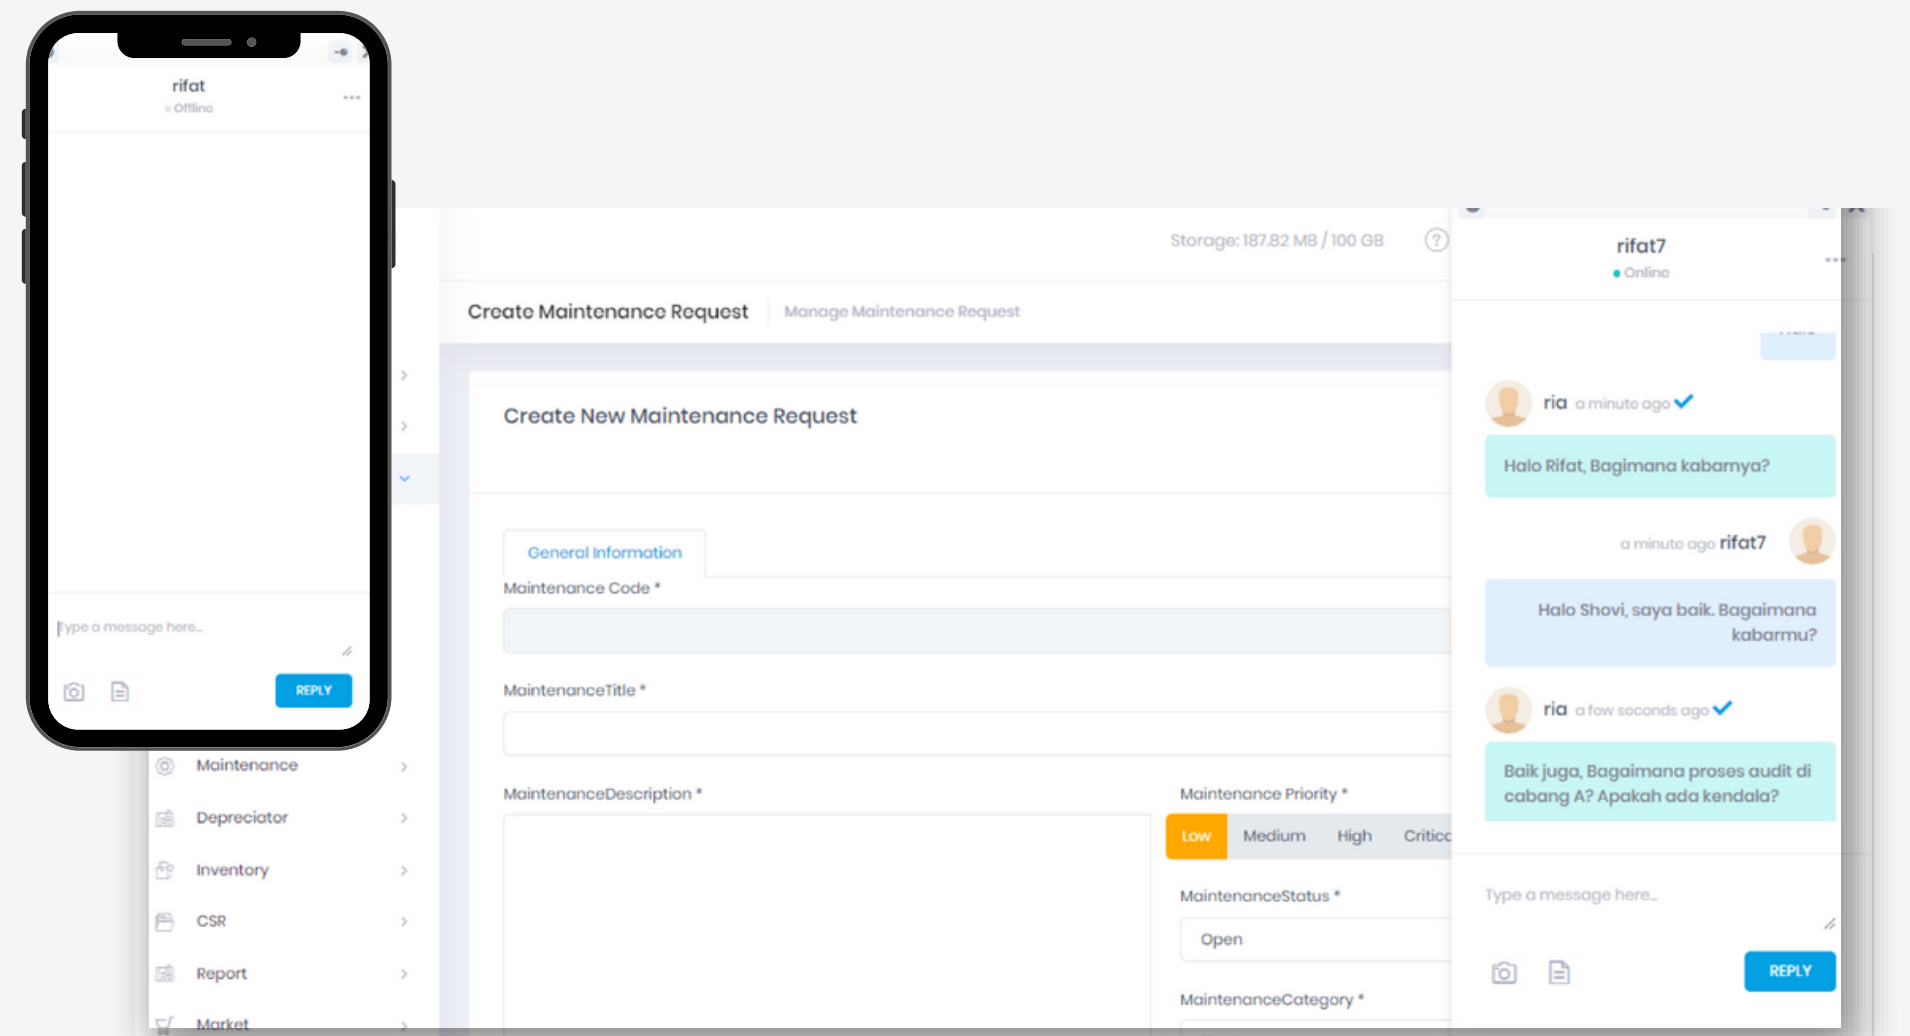

Reach Customer Service in one application The Chat With Host feature helps you solve problems when using the application.

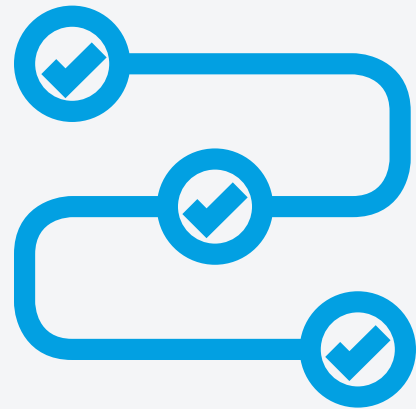

CHAT WITH OTHER TENANT

Discuss managing assets with the Chat With Other Tenant feature. Coordination between tenants becomes simpler and more enjoyable.

APPROVAL

Approval process made easy. You can specify up to 4 levels of approval that can be adjusted according to the Approval process in your company.

The screenshot displays the ActivoX software interface. The left sidebar contains a navigation menu with items: Users, Currency Rates, Languages, Audit logs, Subscription, Webhook Subscriptions, Dynamic Properties, Settings, Email Templates, Workflows (selected), Group, Definition, Master, Assets, Asset, Asset Disposal, and Audit. The main content area is titled 'WorkflowDefinition' and 'WorkflowDefinition Header Info'. It features a tabbed interface with 'Disposal' selected, and other tabs for 'Reverse Disposal', 'Audit', 'Check Out', and 'Maintenance Request'. Below the tabs, there are radio buttons for 'With Approval' (selected) and 'Without Approval', and a 'Save' button. A table lists four levels of disposal actions:

Actions	Name	Status
<input type="checkbox"/> Actions	Disposal One Level	Active
<input type="checkbox"/> Actions	Disposal Two Level	In Active
<input type="checkbox"/> Actions	Disposal Three Level	In Active
<input type="checkbox"/> Actions	Disposal Four Level	In Active

At the bottom, it shows 'Total: 4' and a pagination control with '1' selected out of '10' items.

A detail look at ACTIVO X MOBILE APPLICATION

STOCK TAKING PROCESS IN JUST ONE HAND.

Activo X uses QR code technology as an asset tracking ID that is connected to a mobile application called Activo X Mobile.

The mobile version of Activo X functions to display asset information, transfer assets, and do stock taking with our application on your cellphone. Integrated with the backend system so that the process and results of stock taking carried out by the team can be seen in real time, precisely and easily.
