# Keep Expanding

## Why Liquid Intelligent Technologies

Liquid Intelligent Technologies has the largest fibre network in Africa, spanning 70,000 km and connecting Cape Town to Cairo on a single continuous network. We operate in 13 African markets and expanding every year. Our network connects directly to Microsoft's Data Centre in Cape Town and Johannesburg. With the strength of our network and on-the-ground presence makes us the ideal Microsoft Partner across Africa.

## Why use 365Direct?

- Dedicated bandwidth for Microsoft SaaS. Does not compete with general Internet service.
- Low latency, optimized routes to Microsoft.
- Does not transit public Internet Exchanges.
- Flexible bandwidth from 10Mbps to 500 Mbps.
- Allows for custom solutions if required
- 

## Official Microsoft Partner

Liquid Intelligent Technologies is an official Microsoft Azure Peering partner, accounting for a small number of official providers. This means that choosing Liquid Intelligent Technologies as your provider you are ensured a direct connection to Microsoft peering and not rerouted via different connectivity providers.
