

## Innova's Microsoft 365 Copilot Due Diligence & Adoption Offering

A readiness Assessment, Pilot, and your successful Rollout  
of M365 Copilot.

Microsoft 365 Copilot is a completely new **Amazing Future of Work**. Generative AI, built on GPT 4, and integrated into Microsoft 365 Apps will enhance the **efficiency** of our daily tasks and generate new insights from the M365 Apps we interact with daily. However, these new capabilities come along with certain implementation challenges, such as:

- **Adoption:** Maximizing the business value of M365 Copilot
- **Change:** Skill Up Your People
- **Security:** Ensure data compliance and manage security risks.
- **Compliance:** Define boundaries and policies for usage.

Innova's Microsoft 365 Copilot offers end-to-end services to help you assess, set up, and deploy M365 Copilot in your enterprise.

### Why are Clients Choosing Innova?

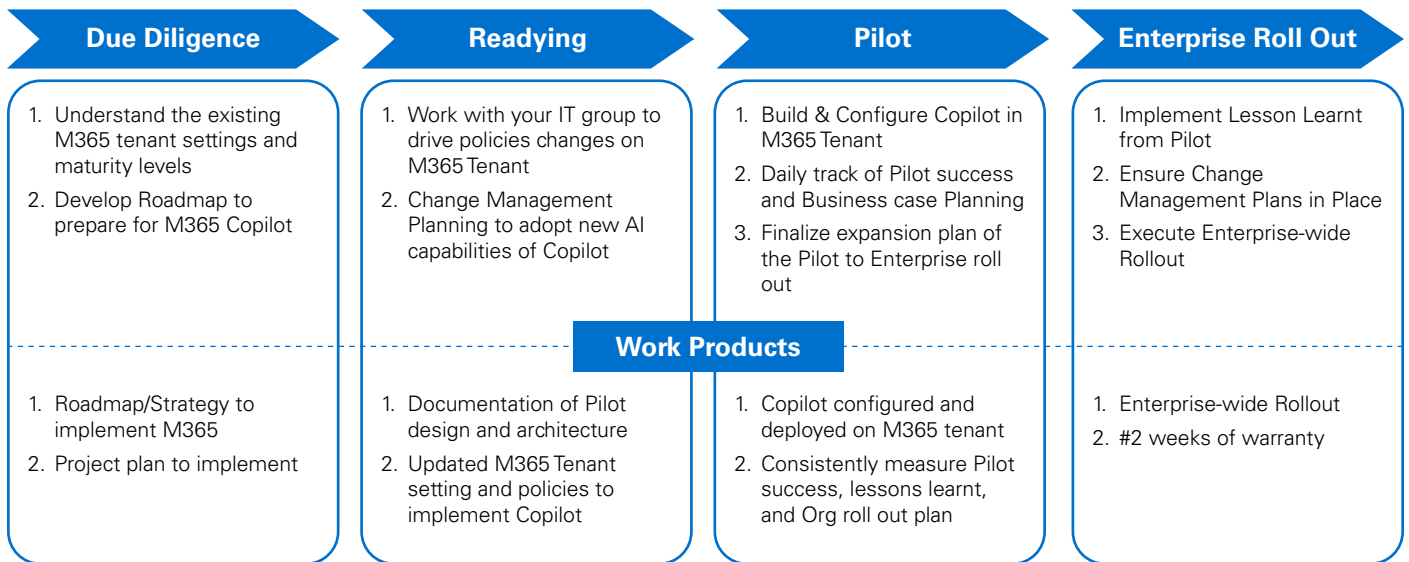

Innova's expertise and proven track record in M365 adoption and change management, together with industry best practices, are imperative to prepare your enterprise for transitioning to a new way of working using M365 Copilot's Generative AI capabilities.

To prepare for M365 Copilot, we assume end-to-end responsibility for developing an Adoption and Change Management Strategy and the roadmap. It starts with Due Diligence, followed by Readying, Pilot, and finally Enterprise Rollout. Testing and validating success are done cooperatively to ensure the optimal outcome. Our services can help you:

- Prepare the enterprise for transitioning to new work practices using M365 Copilot, leveraging Generative AI capabilities.
- Develop an Adoption and Change Management Strategy.
- A roadmap of how to get M365 Copilot.
- Upskill employees on the essential skills and behaviors necessary for success.

# Our Approach

## Summary of Outcomes

- Utilize the M365 E3 /E5 License to its full potential by adopting Generative AI capabilities.
- Get it right the first time to realize an early return on investment.
- Increase employee buy-in and accelerate the adoption of this new way of doing business.
