

Microsoft M365 Purview Art of the Possible Workshop

A custom hands-on workshop to understand the full capabilities and value of the Microsoft Purview suite and how to maximize its benefits in your organization's compliance framework.

Overview

DEMO

Our experts guide a hands-on demo explaining the Purview suite workflows, capabilities, and advanced feature functions.

CURRENT STATE

Understand the client's current operational models, identify risks and opportunities for improvement and elevation of frameworks.

RECOMMENDATIONS

Provide a roadmap recommendation document to efficiently implement Purview and best leverage features to meet your goals and mitigate risks.

Understanding what Purview can do for you

The primary goal of the M365 Workshop Agenda is to provide cross-functional knowledge around M365 and bridge the communication gap between legal compliance and technical implementation. The program is structured to enable corporate strategy-level synergies by helping legal mitigate risk and IT maximize their investment with M365. We tailor each workshop to meet the particular focus area needed for each client. The demo and workshop will focus on Purview's capabilities with regards to:

- Records management
- eDiscovery
- Data governance
- Regulatory goals and requirements

Additional deliverables include an actionable implementation roadmap customized to your organization's data life cycle and compliance goals.

Why Lighthouse?

For more than 25 years, Lighthouse has been providing global security and compliance advisory solutions combining decades of industry experience and best practices with leading edge technology driven approaches to help organizations confidently achieve scalable, practical success.

Our unique expertise in security, compliance, and legal together with deep expertise in the Microsoft M365 and Purview technologies results in a full breadth of Microsoft security and compliance offerings and a track record of collaboratively supporting Security, Compliance, IT, and Legal business decision makers for measurable results.
