

## SFTP access to cloud storage

SFTP Gateway from Thorn Technologies is now available as a [SaaS SFTP service](#). Thousands of users already rely on SFTP Gateway as a simple, secure, and affordable way to give SFTP users access to cloud storage locations.

Now, we've made it even easier for you to leverage the power of SFTP Gateway. We've created the SFTP Gateway Single User Plan, requiring even less technical experience to connect to the cloud via SFTP. You can get started in minutes with a [30-day free trial](#). No credit card or commitment is required, and it costs only \$9/month per user once the free trial ends.

## The simple SaaS SFTP service option

With the SFTP Gateway Single User Plan, you don't need to purchase servers or maintain any IT infrastructure. There's no writing code or technical expertise needed. No set-up or installation is required on your end for this SaaS SFTP service; the Thorn Technologies support team will take care of all that when you [register for your free trial](#). When we say SFTP Gateway makes file transfer simple, we mean it.

The SFTP Gateway Single User Plan includes:

- [High availability SFTP](#) and redundancy, minimizing downtime and ensuring data accessibility
- Free onboarding process to help users get started
- [Free email support](#) available to all users
- Free access to [Knowledge Base](#) help documentation
- [Cross-cloud compatibility](#), enabling seamless integration across different cloud platforms
- Having data stored in your cloud bucket for increased security and control and more
