- Enable employees to reserve FlexDesks within MS-Teams.
- Choose between desks in various areas and see live availability.
- See where exactly your desk is and who is sitting next to you.
- Also choose from workspaces outside the office.

#### With our Microsoft Teams plugin, you...

- Maximize User Adoption
- Ensure regular and long term system usage
- Integrate office management in employees' daily workflows
- Benefit from an easy technical implementation
- Avoid yet another stand-alone tool that nobody uses.

Make use of all the Pro's of Mobile Work and eliminate all the Downsides.

#### **More Collaboration**

Promote collaboration, innovation and culture by enabling 75% more personal meetups in the office and remotely.

#### Easy Implementation

As a MS-Teams Plugin, Seatti can be installed in a day and employees don't need long onboardings due to the familiar UX.

The tool has been developed in close compliance with DSGVO and "Betriebsrat" requirements. EU-Servers, no personal data.

**GDPR** Compliant

Seatti provides the long term data to develop a more efficient workplace strategy, reducing CRE cost by up to 60%.

**Reduce Costs**
