Cloud Computing Services with Microsoft's "Integrated Innovation" Value Promise

Team Venti is an award winning business technology services company founded by Microsoft alumni and partners. We are committed to helping our customers succeed through the smart application of information technology. As a Microsoft Gold Partner, we offer the industry's widest array of Microsoft Cloud-based solutions.

Team Venti's Added Value

We take pride in employing some of the very best talent in our industry. Our services and support practice enjoy Microsoft's top certifications and offers services including:

• Cloud Computing Solutions including Microsoft 365, Windows Intune, Dynamics CRM and Microsoft Azure

• Hosted Microsoft Teams and Call Center services (Enterprise Voice)

• Design and deployment of advanced security, collaboration, content management and web portal systems based on Microsoft's SharePoint platform (Server and Online)

• Deployment and management of cloud-based infrastructure and management environments built around Microsoft Azure

• Integration of client applications with their customers and vendors, including the automated execution of business processes inside and external to the client organization, regardless of the platform type

• Design and deployment services around Microsoft's SQL Server platform

• Design and deployment of business analytics and reporting systems

• Custom training services
