NETFLIX

NON-DISCLOSURE AGREEMENT

This Mutual Non-Disclosure Agreement ("Agreement") is entered into as of the Effective Date specified above, by and between Netflix, Inc. (including its designated affiliates) ("Netflix") and Vendor mentioned here under.

Netflix is world's leading streaming entertainment services company. Netflix and Vendor have each developed certain Confidential Information (as defined below) that they wish to disclose to each other in connection with their evaluation of a possible business transaction (the "Transaction"). Each party is willing to allow the other party to obtain access to its Confidential Information, but only subject to the terms and conditions of this Agreement mentioned below.

Accepted and agreed to as of the Effective Date by the authorized representative of each party:

"Vendor"
DocuX, Inc.
555, California St.,
San Francisco, CA 94101

Signature

By : Marc J.
Title : VP, Sales

"Netflix"
NETFLIX, INC.,
100 Winchester Circle,
Las Gatos, California 95032

Signature

By : Cherri Y.
Title : Manager, Tech Sourcing

TERMS & CONDITIONS TO AGREEMENT

1. Confidential Information.
1.1 "Confidential Information" ("CI") shall mean non-public confidential or other proprietary information that is disclosed by one party (the "Disclosing Party" with respect to such information) under this Agreement or is obtained by the Receiving Party in connection with its dealings with the Disclosing Party.

Disclosing Party.

other information subject to regulation or protection under specific laws or regulations relating to the privacy or security of nonpublic personal information processed by financial institutions; or (iv) information defined as "personal information," "personally identifiable information," "personal data," or similar expressions under applicable privacy laws or data security Laws.

Peace of mind

When everything is working for you—you can focus on core work

We deliver exceptional results

Your team's daily pains with eSign tools, solved

Your team's pain points

		How DocuX solves it
1	Restart entire workflow for minor changes in the doc or mistakes	No back-and-forth and restart required. Edit doc/contract in DocuX
2	Glitchy products, bad UI/UX	Better and robust platform with simple and intuitive UI/UX
3	Dumb file listing/repository	AI-powered repository that auto sorts and prioritizes your docs/contracts
4	Complex shifting of historical docs and expensive offboarding	AI-powered, simple shifting of legacy docs. No cost, easy transition help
5	Unsecured, open-link based access	No open-link based access. Secure access with user identity verification
6	Expensive, per doc based limits and plans, unfair pricing practices	Truly unlimited and transparent plans, fair & no surprises pricing practice
7	No internal approval workflows	Built-in, no-code approval workflows
8	No single source of truth	All your docs/contracts on a single platform

DocuX eSign is for all teams and every contract

Sales   Finance   HR

Legal   Procurement

- Quotes & proposals
- Non-disclosure Agreements
- Sales contracts & renewals
- Partnership contracts
- Offer & employment letters
- ESOP & Other contracts
- Non-compete agreements
- Vendor contracts
- Funding docs
- Charters and governance docs
- All business contracts & agreements

Automate your workflows
Integrate with existing tools. Use templates and workflows to automate end-to-end.

Seamless internal approvals
No separate tool required. Obtain internal approvals before sending docs/ contracts for eSign. Embed workflow in a template.

Better controls and governance
Advanced document, platform and user management, audit trail & real-time tracking, help your controls and governance agenda.

Prioritize better
AI powered Workspace auto sorts and prioritizes your docs/contracts. Briefs and quick action tabs remove back-and-forth.

Keep track of all docs/contracts
Track proposal, offer letters, vendor contracts, etc. in real-time.

Ensure docs and data security
Enterprise grade security, data encryption, and compliance with industry standards and certifications for highest security.

Save costs, do more
DocuX saves your hard earned $s in operational and subscription costs and at the same time, help you do more of core work.

Single source of truth
Get all your docs and contracts in one place. Keep all the context and approval history attached to the doc/contract forever.

Your Swiss army knife for eSign
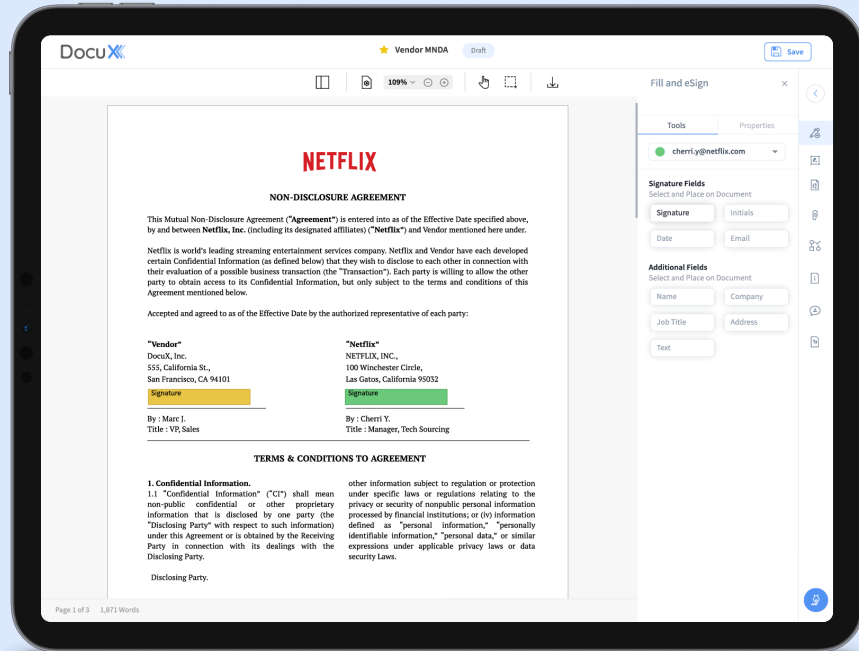

Send and receive docs for eSign
Send for eSign to anyone. Your customers, clients, vendors eSign for free.

Legally binding
DocuX eSign is legally binding, UETA, Indian IT Act, & Federal ESIGN compliant.

Conditional routing
Configure to let eSigners sign in a particular sequence or at the same time.

Envelope sending
Send up to 10 related docs together for eSign for better control, tracking and completeness.

Easy drag and drop fields
Simple drag & drop sign, initial, date, etc. fields for quick and error free preparation.

Track real-time
See in real-time who has signed or approved, when, and who is yet to.

Auto notifications & reminders
Set up reminders and notification to ensure execution within time limits.

Templates
Jumpstart your eSign with templates. Set and embed workflows into the templates.

Document controls
Set download restriction, password protection, attachment and other controls like never before.

Internal approvals
Collect internal approvals before eSign. Embed approval workflow in the template.

contd...

Your Swiss army knife for eSign *contd...*
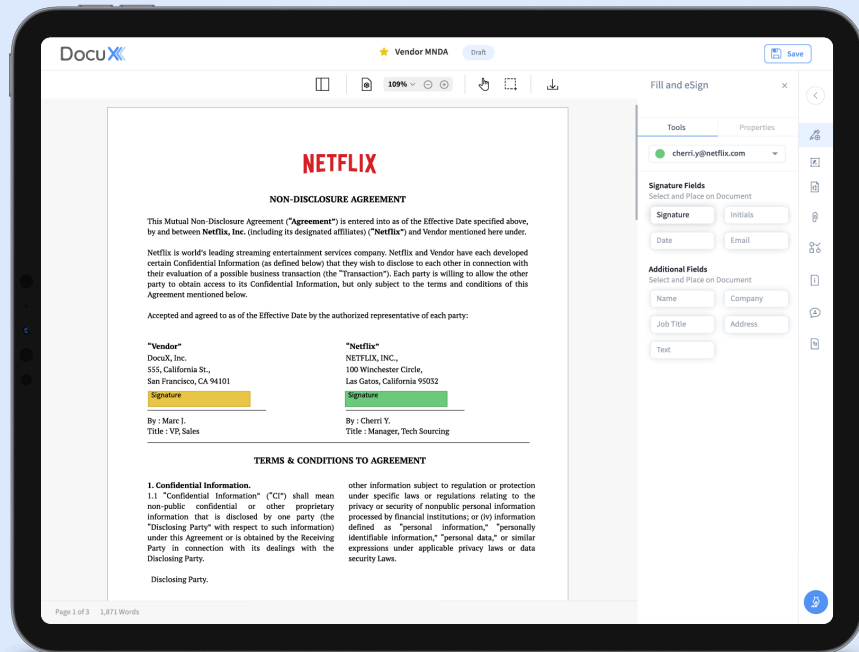

Bulk send coming soon
Send personalized docs/contracts for eSign to different eSigners at once.

Attachments
Ask and allow your eSigners to attach relevant docs as part of signing process.

eSigner verification
Verification of users rights each time doc/contract is accessed for security.

Collaborate with eSigners
Real-time chat on-the-doc with your eSigner or approvers.

Team management
Self management of your team along with their rights management for better control.

Set expiry
Define time-limits to sign, send auto reminders, and auto recall if not executed.

Certification of completion
Get certified digital trail that can be useful in case of any legal disputes.

Auth verification via QR code
Verify any doc/contract on DocuX via QR code in the certification of completion.

Detailed audit trail
Detailed trail of all actions on your docs/contracts.

Personalised message
To each eSigner even though they are sent eSign request via same mail.

It's more than just an eSign tool

DocuX can also manage the complete lifecycle of all your documents and contracts in addition to your eSign needs.

None of these lifecycle features come in the way of your eSigns. These superpowers are there, whenever you need them.

We're always there, if you need help.

Works out of the box

- Self-sign up and set up
- Zero implementation efforts
- Zero implementation cost
- No-code integrations (most)
- Bulk-upload past docs

No learning curve

- Super easy and intuitive
- Works the way you are used to
- 1:1 session for learning, if needed
- Admin training, if required
- Easy videos and other guides

Support

- HelpDocs / How-to guides
- Explainer videos
- Email support
- In-app chat (coming soon)
- Dedicated CSM (large deals)

I could get up and running in a few clicks! I am super impressed by how simple it is to setup. No questions or help required.

- Rachana Rajeev, HR Freelancer

Incredibly simple, intuitive and everything I need is there. Finally, this space seems evolving for better and not adding only to complexity.

- Lalit Rathi, Bajaj Group

Ratings by real users on G2

> In every aspects- be it drafting and editing, collaboration, eSign, document controls - everything, DocuX scores better than every point solution available. Its super easy, intuitive and fast. It works!

Ankur
CFO, IDAN Motors

> DocuX changes game for sales professionals. With everything needed to get contracts drafted, negotiated and executed in one place, Sales professionals can now focus more on their core job of selling than struggling to move paperwork and keeping track of everything.
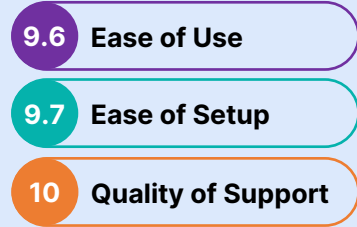

Nawdeep Saini
VP Sales, Hexagon

> Being an HR person, I can relate how much useful DocuX is when you deal with so many multiple documents which need the approvals, editing & sign and will be having so many back and forth mail regarding the same. With DocuX you have all in one place with 0 cost added.

Garima Chowdhary
Recruitment, Goldman Sachs
