

BACTOPUS

SaaS Backup & Recovery Solution For Microsoft 365

Automated, Unlimited, Flexible and Fully Secure

Bactopus Can Solve Your Data Protection Challenges and Limitations for Microsoft 365.

SaaS, Azure Hosted, Veeam Integrated and Automated using latest Cloud Technologies.

Bactopus is the right solution for your Cloud Backup needs.

Why Bactopus

Bactopus eliminates the risk of losing access and control over your Microsoft 365 data including, Exchange Online, SharePoint Online, Microsoft 365 Groups, OneDrive for Business and Microsoft Teams so that your data is always Hyper-Available and Protected. Bactopus stores and protects your data on Azure so that you can easily access and recover exactly what you want, whenever you want, the way you want.

- ✓ Fully integrated SaaS, fast and secure way to backup, and restore from Azure.
- ✓ Unlimited Storage and Retention and no-hassle deployment, no big up-front expenses, full control of your data, no backup infrastructure to manage.
- ✓ Pay per user model that makes for simple scalability as your business grows.
