# Your Trusted Partner in Your Cloud Adoption Journey

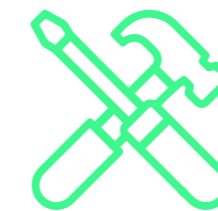

## Safety and Security

We ensure your safe and risk-free transition to the cloud.

## Transparent Collaboration

Our success lies in our uncompromising transparency and in our unrelenting objective to act in your best interest.

## Proactiveness

We are always one step ahead, with your business strategy in mind.

## Data-Driven Approach

We help you move faster and better by using data and insights to drive continuous improvement in your business.

# Cloud Consulting | Enabling your seamless shift to the cloud

Cloud strategy design

Full-scale implementation, knowledge transfer and support

Focus on cloud-native

## Assess, Design, and Evaluate

- Identify business drivers goals
- Identify cloud implementation goals
- Determine cloud implementation approach

## Deploy, Integrate, and Implement

- Design deployment and select services
- Determine required Azure subscriptions
- Determine governance practices
- Design and configure networking

## Monitor, Report, and Document

- Design and integrate security
- Design and configure resilience and disaster recovery practices

## Deliverables:

Implementation scenarios

Best practices

Process improvements

# Our Expertise:

Helping companies select the right cloud strategy to drive innovation, agility, and performance

**Infrastructure Automation**

**Cloud Adoption & Migration**

**Containerization & Orchestration**

**Infrastructure-as-Code**

**Monitoring & Operations Management**

**Cloud-Native Adoption**

# Leveraging a Rich Tool Set for Optimal Business Impact

Our expertise in 30+ tools (including, but not limited to the ones listed below) enables us to craft a DevOps strategy that caters to your business.
