Viva Connections Home Site Brings Together the Power of SharePoint and Teams

Viva Connections is a curated, company-branded intranet experience that brings together relevant news, conversations, and resources in the apps and devices your organization use every day.

With a customized SharePoint site, lodged as the organization's Viva Connections home site, it is their "one source of truth". Accessible anytime, anywhere through Teams web, desktop, and mobile.

Your organization needs a partner that will bring consistent communications, technical proficiency, and creative communication abilities to the process of building for your employees a home site that is not just beautiful, but also functional and valuable.

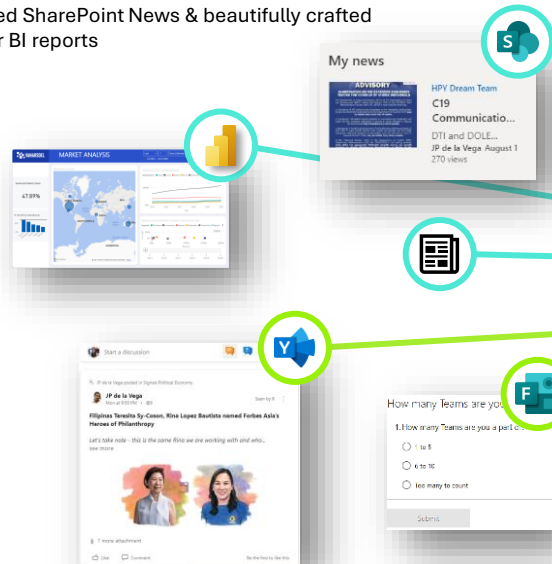

years  **best** for Viva Connections Home Site will accelerate Success in Employee Engagement

Build a Home Site To Drive Employee Engagement

YEAPS is Your Partner for Success from Creation to Launch

PLAN

Architecture & Content

Our team will work to learn all priorities and goals, then evaluate which Microsoft apps and custom ones will be best for an organization, in order to ultimately help create a blueprint for the intranet site.

DEVELOP

Style & Experience Design

For an end-product* that's not just beautiful but easy to create, manage and use, avail from a variety of beautiful, quick-to-deploy templates and widgets from our friends at Powell Intranet**.

* Custom proprietary media and apps not included
** Requires separate license

BUILD

Home Site Creation & Test

From the approved architecture and design, we will put together an organization's Viva Connections home site and test it for functionality.

TRAIN

Internal Comms Team Readiness

We will conduct a training session to not just equip an organization's internal communications team with the know-how to maintain the home site, but to also share our own secrets and best practices!

LAUNCH

Company-Wide Launch Event

To launch an organization's brand-new Viva Connections home site, we can help conceptualize and implement the event along with its communications.

Additional services are available based on an organization's needs and readiness
Any of the above stages may be revisited based on terms and requirements
