What is it?

Our one-day assessment allows us to tap into our years of experience in the field to help you decide which Microsoft Teams version is best suited for your needs.

We will guide you through the necessary process to set up each workload.

Who is this for?

Cloudica has helped dozens of companies manage their workflows through Microsoft solutions, and none has been as effective as Teams. This Assessment is designed for business to understand the benefits of Teams and how it can help them achieve more thanks to its dozens of solutions and intuitive setup.

Microsoft Teams Deployment: 1-Day Assessment

Primary Product: Microsoft 365; **Pricing:** \$500.00

What are the benefits of this?

Microsoft Teams is a versatile tool used by over half a million businesses around the world. It is complex enough to handle the workflow of a vast majority of Fortune 500 companies, yet intuitive enough to be adopted by primary schools for their students during lockdown. Microsoft Teams is packed with features for companies of all sizes. These give you the ability to:

- Meet from anywhere.
- Collaborate and manage multiple projects on the go.
- Plan, budget and assign tasks to different teams and individual members.

Outcomes of this assessment

- Have a better understanding of what Microsoft Teams has to offer.
- Be able to take an educated decision on whether the solutions offered by Microsoft Teams are right for your company.

Steps and agenda

- A discussion of your current tools.
- Presentation of the available Teams solutions.
- Roadmap of how Cloudica can implement a migration.
- Q&A...
-and more.
