

Why DataArt & Microsoft?

- Microsoft **Gold** Partner
- **20 years** of partnership
- Certified Developers, Architects, and DevOps
- **Azure** consulting partner
- Building on Azure **since 2011**
- Strong **cloud** expertise
- North America, UK, EMEA, LATAM
- Solutions and services on Microsoft stack: **DeviceHive**, **Atlas**, **Skillotron**, **Solution Trade Accelerator**
- DataArt is **a partner of choice** in various partnership activities (events, external workshops, programs)

Long-lasting and close partnership relationship allow DataArt provide our customers with Microsoft support. It can be in the following forms:

- End Customer investment Funds (ECIF) – the program allows covering expenses for the Proof of Concept;
- Technical consultancy and support;
- Discounts of Azure services purchased by the customer.

Each type of Microsoft support should be discussed with the Microsoft account executive. The decision whether to allocate resources or not depends on Microsoft account executives.
