

# Hybrid Meetings and Rooms Workshop

Extreme flexibility and hybrid work define the post-pandemic workplace.

This new era of hybrid work isn't as simple as combining the old reality of the workplace with the new reality of remote work. Hybrid Meetings builds on the new wave of digital transformation and cloud power, and drives new ways to work and be together, to coordinate and collaborate, and to build a modern workplace that is as flexible and adaptive as possible - one that produces both happier people and better projects.

Technology is the binding factor to create inclusive meetings and collaboration experiences using Teams meetings, Microsoft Teams Rooms, and devices.
