

Content + Cloud

Cloud Adoption Framework for Azure: Strategy and Plan 6-Week Assessment

Content+Cloud's Azure cloud adoption strategy and plan assessment provides a guided Azure adoption experience with tools-based discovery, expert recommendations, and outcome-focused cloud adoption plan.

Content+Cloud is pleased to offer our cloud adoption Strategy and Plan Assessment for Microsoft Azure, which provides a proven methodology and suite of services that delivers value across the early stages of your cloud transformation journey.

Our assessment will provide your organisation with a clear high-level cloud adoption strategy and plan to accelerate your journey into Microsoft Azure cloud technologies during a typical 6-week engagement.

Content+Cloud will work with your organisation to deliver:

Cloud Discovery:

- + Tools-based Azure Migration Assessment:
 - + Financial projections
 - + Workload scan and analysis
 - + Report detailing lift and shift costs for Azure
 - + High-level migration plan
- + Business economic assessment review inclusive of commercial and technical validation of discovered resources and refinement of customer migration scope

Cloud Adoption Strategy:

- + Cloud Adoption Strategy Assessment
- + Cloud Adoption Business Motivations
- + Cloud Adoption Business Outcomes
- + Cloud Adoption Business Justification
- + First Project Identification and Qualification
- + Cloud Journey Tracker Assessment

Cloud Adoption Plan:

- + High-level Plan Assessment inclusive of:
 - + Digital Estate Review
 - + Initial Organisation Alignment
 - + Skills Readiness Gap/Plan
 - + Cloud Adoption Plan
 - + Strategic Migration and Assessment Readiness Tool
- + Personalised Strategy and Plan presentation highlighting your next steps to Ready and Adoption migration planning
