

Building your Modern Communications & Employee Experience POC

What's it about?

Microsoft Viva Connections is your gateway to a modern employee experience – get ready to inform, engage and empower your organisation. In this two-day workshop organisations will learn about how modern SharePoint Online fuels the employee experience in Viva Connections, what needs to be done to deploy the platform, and many other important aspects of a successful Viva Connections implementation.

Explore Microsoft Viva Connections and modern SharePoint Online capabilities with a multi-day knowledge hands-on Workshop.

Explore Viva Connections

Explore Viva Connections and the benefits of an integrated employee experience for both comms teams and employees. Attendees will learn how to set up Viva Connections including integrating with other M365 tools as well as how to update and maintain Viva Connections.

Build a proof-of-concept Intranet portal

Attendees will learn the prerequisites of Viva Connections including understanding modern SharePoint Online intranet portals. You will build your own proof-of-concept portal including learning design and customisation options.

Build your plan

Planning is essential to setting up your modern portal. These workshop modules guide attendees with planning an information architecture including navigation and configuring hub sites as well as how to design and manage content.

“Working with Engage Squared as our partner, we’ve really felt like they’re our trusted advisors – and I don’t think we would have got to that level of adoption, and training, and support without Engage Squared being there on that journey with us. Especially during Covid-19”

Dee Eldridge, Digital Workplace Manager, Bupa
