

Accelerate to Cloud

Leverage HPE expertise with cloud transformation

The HPE Accelerator Workshops for Cloud leverages our experience through hundreds of successful enterprise cloud transformation engagements

What is HPE Accelerator Workshops for Cloud?

Every client's journey to cloud is different. Whether you are just starting out or well along the path to cloud transformation, this workshop can help identify your best next-step and provide best practices. This workshop, available in 1 day, 2 day, or 3 day durations, is built to your needs; whether that is bringing peers to a shared understanding, vision, goals and objectives of cloud transformation or performing deep dives into cloud technologies such as DevOps, Security, Big Data, or IoT, or other emerging technologies and trends.

Why customers use HPE Accelerator Workshops for Cloud

In 1 day, a workshop can provide the client with a plan for:

- Determining the right workloads for cloud and what to do with them
- Governance and compliance in the cloud
- Managing cloud costs
- Deep-dive into a selected technology
- Alignment of business stakeholders around cloud

Take the Right Steps

- Determining the right workloads for cloud and what to do with them
