

Build, plan and execute your business transformation with Microsoft Catalyst and Power Apps.

Microsoft Catalyst 1-Day Envisioning Workshop

Microsoft Catalyst:

The Microsoft Envisioning Workshop will accelerate your journey to becoming a digital business. We'll help you visualize innovative solutions to improve your customer engagement, employee empowerment, operational optimization, and product transformation.

WHY CATALYST?

Leverage a powerful and proven Microsoft approach for your digital transformation.

Solve business challenges and shape the future state of your organization.

Accelerate your journey and realize value faster.

Agenda:

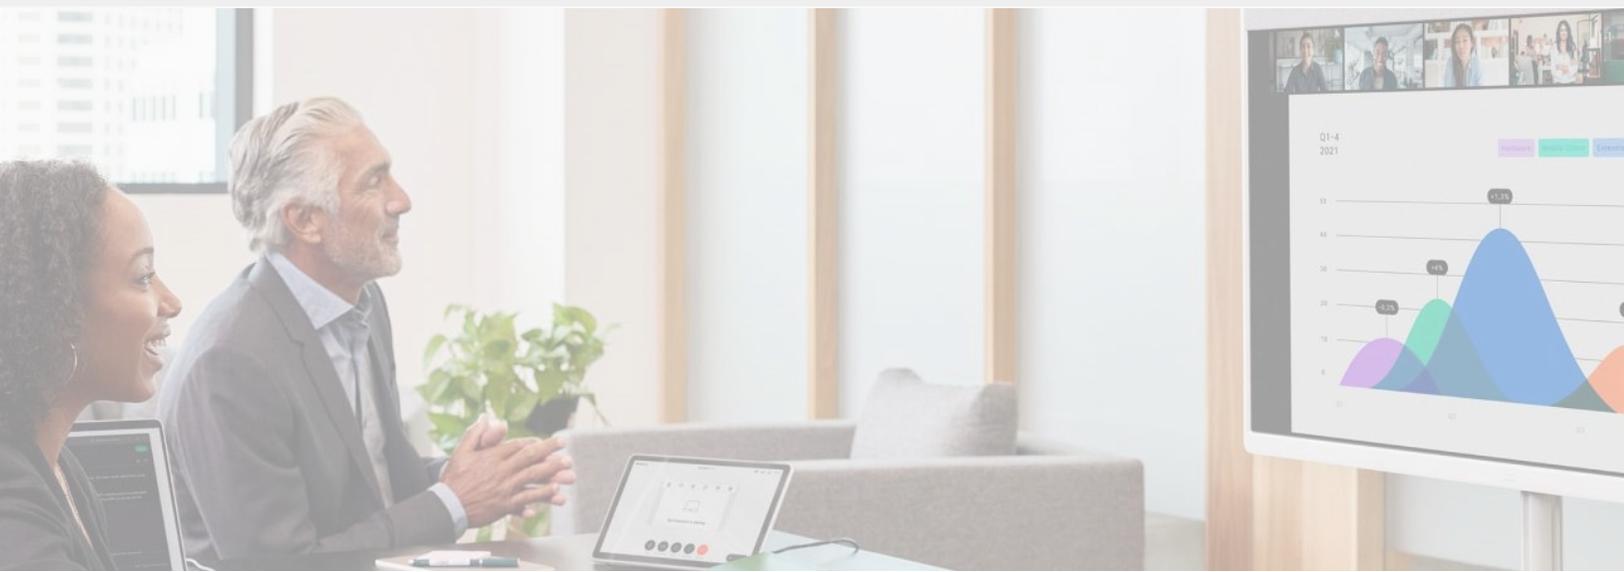

- 1 Intro & Overview
- 2 Current Journey
- 3 Challenges
- 4 Vision
- 5 Prioritization
- 6 Identify Initiatives & Impact

Deliverables:

Pre-workshop planning & stakeholder interviews, covering: Business strategy, tactics & objectives; current pain points; priorities, wishes & risks; analytics; CRM/email integration; high-level IT infrastructure & resources

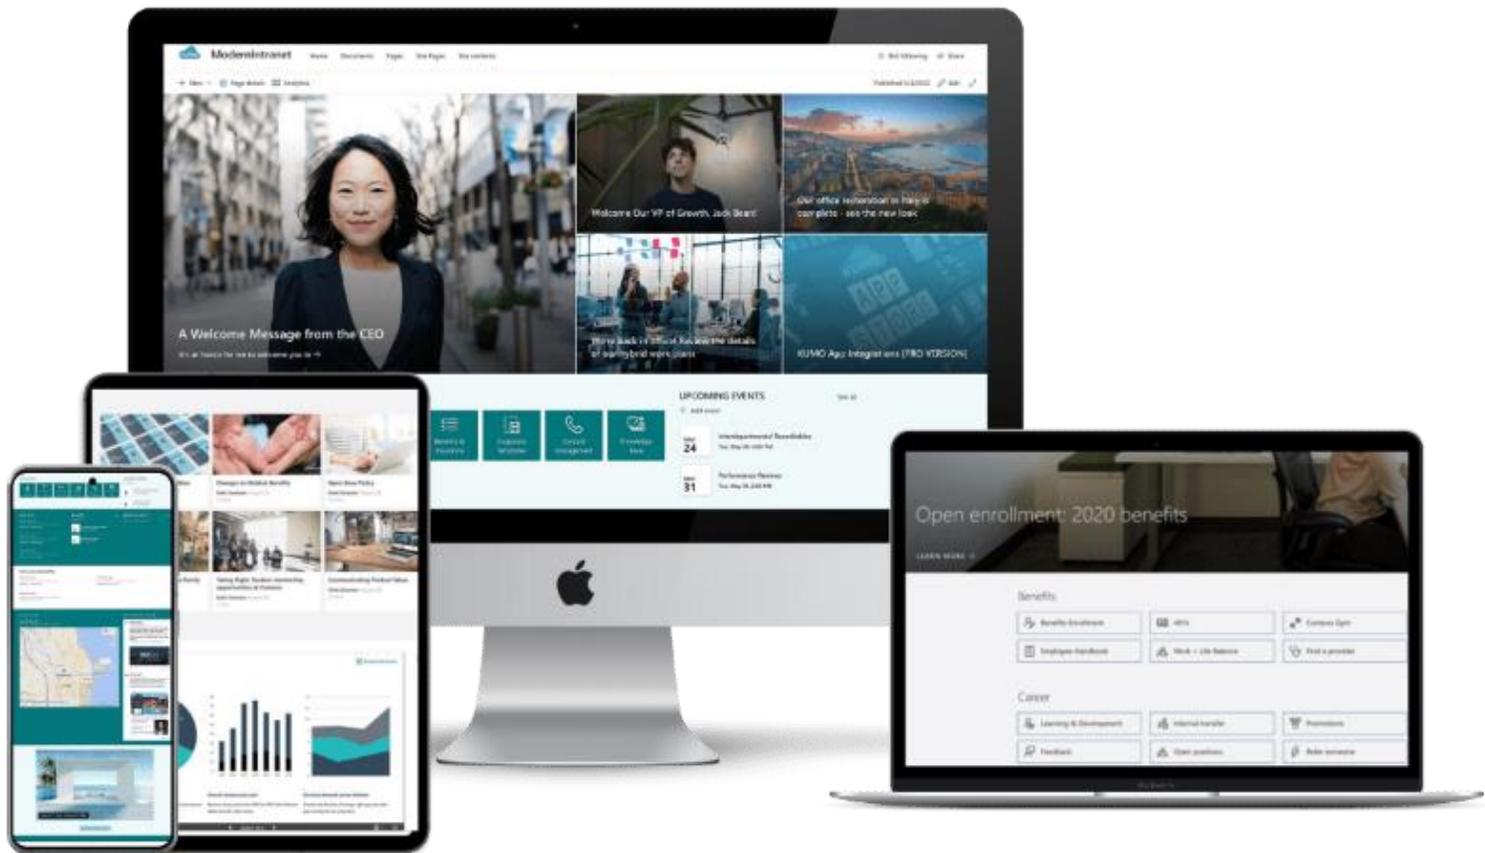

1-Day expert-led workshop. Agenda includes: Ranking of pain points; discover opportunities; frame problems; expand targets & build a matrix of importance. Practical section demonstrates how the Power Platform transforms a nominated pain point.

Post-workshop delivery of High Level Roadmap/next steps for implementation.

WHY KUMO?

We're your one-stop Microsoft consulting partner, dedicated to helping you automate and simplify business processes through custom-built Office 365 & Power Platform solutions.
