Your Azure Hybrid Challenges

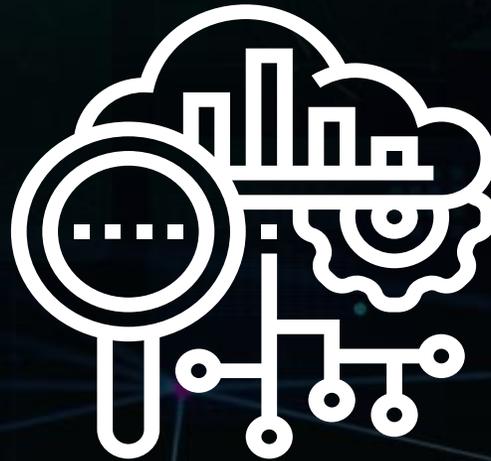

Meeting compliance obligations

Many vendors and disparate management suites

Aging infrastructure

What solutions and integrations are available?

Legacy OS End of Support

Knowing where to start

Azure Hybrid Launchpad approach

Goal

- Introduce Azure Arc and Azure Stack Hub solutions
- Accelerated deployment of Azure Arc in your environment
- Help identify requirements for a suitable Azure Stack Hub solution for your business

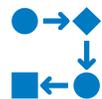

Outcomes

- Understanding of how Azure Arc can be used to centralise hybrid and multi-cloud operations
- Azure Arc deployed to 10 VMs
- Azure Stack HCI sizing and requirements document

Requirements

- Azure tenancy (up to two environments)
- Up to 10 VMs available for Arc enablement
- Access to create resources, resource groups, managed identities
- Access to the cloud resources (network and permissions)
- Attendance of workshops by technical and business stakeholders

Methods

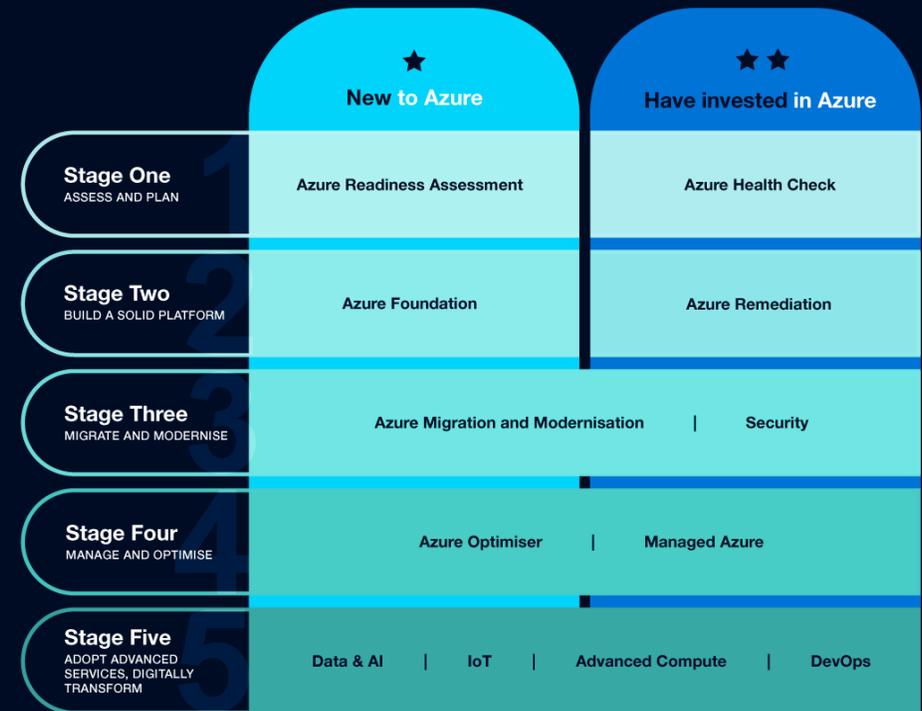

The workshop will be delivered using a combination of instructor-led online sessions, real-world deployment and collaborative sessions.

Our Framework for getting you into Azure

- Provides a simplified approach to solutions aligned to business needs
- Meets you where you are at on your own cloud journey
- Extends from planning and strategy, to implementation, support and management
- Under continuous improvement, incorporating feedback and lessons learned from client projects
- Aligns with Microsoft Cloud Adoption Framework Well-Architected reference architectures

Data#3

The Five Stage Pathway to Cloud Success

Why Data#3 is Different

CUSTOMER CENTRIC

UNDERSTANDING YOUR BUSINESS

Our customer-first approach ensures our people understand your challenges and opportunities

SAFE PAIR OF HANDS

Our Australian presence with consultants, engineers and support teams allow us to develop and maintain deep customer relationships.

VALUE FOCUSED

INFRA AS CODE & DEVOPS

Quicker better faster

END-TO-END SOLUTIONS

Our end-to-end managed solutions allow us to guide you along your cloud journey. The right solution, every step of the way.

EXPERIENCE

DEEP INDUSTRY KNOWLEDGE

With over 40 years of experience in delivering projects, we have built extensive and deep knowledge across many verticals.

HIGH-END EXPERTISE

Our Azure Expert MSP status and people with the highest certifications, backed up by on-the-job experience.
